Clean Out Those Closets! And Get Paid Well for It!

Nothing is handier than extra cash at Christmas time, and your closet and The Sun's classified columns will provide the answer.

Undoubtedly there are stored in your closet or extra room dozens of articles which are still of value, but don't fit into your plans any more.

There are hundreds of others in this area who would be willing to pay hard cash for those articles, thereby taking care of their own Christmas problems.

IT'S A WONDERFUL exchange and so easy through The Sun classifieds, which are read faithfully in tens of thousands of central county homes each week.

How about that bike junior has outgrown?

Or that radio, vacuum cleaner,

outboard motor, extra furniture, trains, baby items and youngster's toys, etc.?

All those items are in great demand during the holiday season, that extra money which is always and 'this means you can pocket so welcome at Yuletide.

WHEN ELSE during the year can you so successfully clean out your closets and get paid well for it?

A 14-word Sun classified ad will automatically run in the Sun Shopping News with a 38,000 circulation, and also the four Sun newspapers, the Walnut Creek Sun, Lafayette Sun, Orinda Sun and Pleasant Hill Sun — for only \$1.60.

Don't wait — call The Sun now at YE 4-5000, AT 4-4444 or CL 4-4343.

Moraga Zoning Is Approved By Plan Board

Members of the county planning commission approved the precise zoning plan for the 8000-acre Moraga area Tuesday night, and sent their proposal on to the board of supervisors for final adoption.

There was no opposition to the commission's action, which merely was the formal approval of action it took immediately following the final public hearing on the controversial matter October 6.

Vigorous objections by residents of the Moraga community were voiced to the plan's allowances for controlled manufacturing, general business and administrative zoning.

Principal county planner Russ Griffith reported the Moraga zoning matter probably will be considered by the supervisors December 17, at which time a public hearing may be scheduled.

Glorietta Students Give Thanks

In honor of Turkey Day last week, members of Mrs. Cutler's third grade class wrote stories indicating why they were thankful.

The class chose a well-written, homey essay by Roddy Jenks, 8, as the best of the lot.

Roddy's letter of thanks follows:

"THIS IS My thankful story, telling how lucky I am to live in this wonderful world.

"We are lucky to live in America and are fortunate to have such nice schools and homes.

"I am grateful to have my mother and my father and glad for my nice teachers. But I am most grateful for everything in this nice and wonderful world."

Glorietta students are also preparing for their annual Christmas program to be given for their parents December 16. The chorus and orchestra, each with about 50 members, will participate.

Orinda Man (Woman?) of Year! Who Will It Be?

Who will be the Orinda Man (or Woman) of the Year? Well, it's that time again! Old Man 1959 is getting ready to retire, and this is the time of year when Orindans start cudgeling their brains to choose the outstanding person who has done the most for the community during the past year.

ONCE AGAIN THE SUN is sponsoring the annual Orinda Man of the Year award. A committee of local citizens will be named soon to choose the person deemed to have contributed the most to the welfare of the community during 1959; prior years' activities will also be taken into consideration.

The judges will be named soon. You can help them with your suggestions, although they can consider any local person they wish for the honorary title. Although the award is sponsored by The Sun, the selection is completely up to the judges.

THE JUDGES WILL welcome your suggestions. Send them to The Orinda Sun, P. O. Box 147, Orinda. Your recommendations will be turned over to the committee.

Announcement of the person chosen as the Orinda Man of the Year will be made in the January 1 issue of The Orinda Sun. Later that person will receive a certificate from The Sun.

Rotary Fare Is Olympics

Members of the Orinda Rotary Club were treated to a preview of the 1960 Winter Olympics to be held at Squaw Valley at their regular luncheon meeting Wednesday.

The speaker was Bill Klien, ski-master at the Sugar Bowl in the Sierra, who is also a member of the committee for selection of the Olympics' slalom ski course.

Klien said Squaw Valley was selected as the site for the Olympics because it was found that all of the necessary events could be held in one location there.

He explained that \$15 million will have been expended on the Olympics preparations before the games begin February 18.

Chamber Will Meet

The Orinda Chamber of Commerce will hold its regular business meeting at noon Tuesday in the Case Orinda.

Christmas plans will be the main topic of discussion.

Inland Valley School Is Complete

Congratulations, Orinda Schools!

AN EDITORIAL

Congratulations, Orinda School District! Not for doing a good job of educating our children—we expect that, and even take it for granted, sometimes.

And not for doing a good job with all the difficult tasks that plague such a complex organization which must deal with such a variety of subjects as curriculum, site selection and teachers' salaries.

No, the congratulations are in order for doing an excellent job at such a reasonable cost.

According to figures released recently by the County Superintendent of Schools, the annual cost of educating a child in the Orinda School District is \$342.

Compared to the cost in Lafayette, which is \$351, it becomes obvious that Orinda is doing a good job—both professionally and economically. And that economy is reflected directly in our pocketbooks when tax time comes around.

Credit should be given where it is due—to a hard-working, conscientious school board and to an able and well trained professional staff under the direction of Superintendent Joseph Sheaff.

We say again, Congratulations, Orinda School District!

Free Babysitter Is Great; But Hubby May Be Drafted

It's wonderful not paying a single penny to your babysitter, week-in and week-out, but huddles in the new Walnut Creek (cooperative) Babysitting Club may soon learn their standbys are a sack of blocks and a pile of comic books.

Then the gals tepping out with "daddy" find their "debts" mounting and credits diminishing, they may volunteer "daddy" for a few sessions with the neighborhood kids (who are club members).

"My husband says no, but several of the girls, now that the holidays are coming, say they will volunteer their husbands for babysitting to get extra credits, and I'm sure this will work out well," said Mrs. Sula Frick, wife of Jack, and resident of Ruth Court.

TO MAKE SURE that the husbands and wives hit it off well, the two-week old club will hold a potluck dinner tomorrow night at the home of another member, Lorraine Moffatt.

Mrs. Frick has been "hours secretary" since the group was formed, and she will relinquish the post, which accrues extra credits, on December 15.

She said her job has been "easy" thus far, but the holiday rush of stepping out will quickly expand her record book.

One housewife has collected 21 credits over and above her debts, while another gal has 12 debts since she needed a babysitter to attend an academic course for two days.

THE FRICKS have balanced things out, so they have neither credits or debts now, while two families have credits and four have debts.

"The girl with 12 debts is very anxious to catch up," Mrs. Frick said.

And when you are near the 15-debit limit, this is where the husband is in danger of finding himself with serving spoon, children's blocks, comic books, television and the other fellow's youngsters, who are probably just as well-mannered and unruly as his own, she indicated.

The club, with seven families and 14 children (one family has four) will allow a total of 15 families and is accepting new memberships, Mrs. Frick said.

Couple Sues Neighbors

The Shigeori Iyamas, 5 Edgewood Road, have sued their neighbors for \$16,456 worth of slide damages.

The superior court suit charges that Mr. and Mrs. Everett Dawson, 9 Edgewood Court, caused damages to the Iyama home in 1952 when the Dawsons filled their lot to bring it up to street level and the fill eroded and slid onto the Iyama property next door.

In the suit, the Iyamas ask \$12,000 for repairs to their property, \$256 for drainage works, and \$10,000 for interference with their right to quiet enjoyment of their property.

Torrid Tempers Thwart Traffic In Tunnel Tiff

An argument between drivers following a minor rear end collision tied early morning commute traffic in knots yesterday, according to reports of the California Highway Patrol.

Investigating patrolmen, Sergeant Claude Harmon and Officer Lee Council, reported traffic to be backed up from approximately the county line in the middle of the tunnel to Upper Happy Valley Road in Lafayette.

Council identified the drivers as Frank Colbourn, 56, 1062 Laurel Drive, Lafayette; Patricia Lorraine Daly, 52, Concord; and Harold James Evans, 38, 3476 Orchard Hill Court, Lafayette.

The officer said that there were possibly one or two other vehicles involved, and his investigation is incomplete.

Meanwhile, hundreds of commuters fumed as traffic slowed to a crawl and then regressed into a hopeless jam.

Officer William Hamilton of the Contra Costa Office of the Patrol, commented that at the high point of the tie-up, it was possible for carbon monoxide fumes to have hit a dangerously high proportion within the tunnel proper.

He added, however, that to his knowledge there had not been any motorists who had been overcome by the noxious gas.

Bypass Opening Is Moved Back Three Months

Come rain or shine, it appeared this week that the final five per cent of the Walnut Creek Bypass construction, consisting of "shoulder" work, will keep eager motorists waiting for another three months.

Three months ago, predictions were that the bypass would be open for traffic this month, barring rain. There has been no rain.

But Job Superintendent Robert Kenning told The Sun, "We are 95 per cent complete, and may be out in 60 working days, although the contract allows 85 more working days."

THIS DEPENDS on rain or no rain.

"All the paving and bridges are done, and the final major phase involves constructing the shoulders for the interchange approaches, the Oakvale bridge and the highway from the interchange west towards Lafayette. This involves some 9500 yards of shoulder construction."

He continued, "There is no steel problem now, and we will be able to erect the signs on schedule. My crew now has 104 men, but it will drop later to about 50 or 60. This does not mean a slowdown, but merely a change in manpower to conform with the job to be done."

In reply to rumors that the e have been unnecessary and avoidable delays, Kenning said, "We are going as fast as possible."

"THERE HAS BEEN no delay, no rain, and there is no lack of equipment."

He continued, "There are problems in pursuing the work here which cannot be understood without a personal inspection. The movement of equipment across the new bridges alone is a major undertaking, and the work must wait on that."

"Barring rain, we should be finished by March 15," he concluded.

WILLIAM Francis, manager of the Walnut Creek Area Chamber of Commerce, said next week he will meet with Cliff Birnie, public relations man for the State Division of Highways and another division man.

"We will try to narrow down the possible date for the dedication of the bypass. Of course we know that much depends on the rain," he said.

Recruit Training Will End for Ward

Donald W. Ward, apprentice petty officer first class, USN, son of Mr. and Mrs. Charles F. Balatino of 81 Hillcrest Drive, is scheduled to graduate December 11 from recruit training at the Naval Training Center, San Diego.

Apprentice petty officers are chosen from the ranks of the seaman recruits to assist company commanders. The selection is based on individual aptitude and leadership qualities.

Pupils Will Move Into Facility Very Shortly

By LARRY GLAZIER

Local school officials confirmed this week that construction on the Inland Valley elementary school is in its very final stages, and it is expected that students will be moved into the new facility "momentarily."

Superintendent Joseph Sheaff reported furniture has been received and sent to Inland Valley since last Monday and some of it already is installed in the school.

The construction was to have been completed November 23 according to the contract, and the bulk of the necessary work was completed within a week after that date.

FOR SOMETIME earlier this school year it was believed students would not be moved into Inland Valley before Christmas vacation, but now it is assured that sometime this week or next, the building will be inhabited.

As was planned when school began in September, classes destined for Inland Valley will be moved intact — teachers and pupils together — to the new facility, Sheaff said.

The result could be that Sleepy Hollow remains the only Orinda school on double sessions. The superintendent stated that Glorietta, Del Rey and Sleepy Hollow schools now are on double sessions, but that all of the future Inland Valley students are at Glorietta and Del Rey.

SHEAFF ADDED, "We are very pleased with the progress that has been made at Inland Valley, and we believe the contractor has done an excellent construction job."

Meanwhile, the district has advertised for bids for construction on the proposed Inland Valley intermediate school to be located at the same site as the just-completed elementary school.

Trustees will determine by their regular meeting Monday night whether or not the district will have high enough priority to qualify for state appropriations this month. The state allocations board meets December 15 to allocate funds for new construction.

THE STATE BOARD approved the Inland Valley intermediate project at its meeting last month but the architectural plans were three days late to qualify for November funds.

Sheaff has said that if funds are allocated this month, construction can begin in mid January and the school will be completed by next September school opening.

If funds are allocated bids on the project will be opened December 30 at a special meeting of the school board.

BOTH INLAND Valley projects will be discussed at the regular school board meeting Monday.

Trustees will also discuss additional teachers, the special tax election to be held February 9, possible landscaping at the Inland Valley school site and a proposal to use some of the Wagner Ranch property for the summer baseball program.

Nursery School Mothers to Meet

The 1959 Christmas party for the Orinda Nursery School will be held December 11 at the home of Mrs. Edward M. Thomas, 7 St. James Court.

In lieu of the regular monthly meeting, the school mothers will enjoy a fashion show to be presented by Fiesta Fashions of Lafayette.

Models for the event will include the Mesdames Stan Johnson, William Reiger, Richard Laney, David Rods, Arthur Welens, Edward Thomas, Roger Olson, Ray Smith and Bradley Heard.

Christmas music will be provided by Mrs. Joseph Phelan and Mrs. James Kilpatrick, and the hostess for the evening will be Mrs. William Seifert.

Weather Is Cool, Nice

The weather outside's delightful, every day until the sun goes down, and then the thermometer begins to act like it's December, or something.

The high reading was a magnificent 75 degrees, and the low easily dipped below the freezing mark—29 degrees Sunday.

Public Meeting On School Vote To Be Wednesday

Joseph Sheaff, Orinda Union School District superintendent, this week sent invitations to officers and committee chairmen of all parents clubs in the district to attend a special meeting on the coming school tax election February 9.

The meeting will be held at 8 p.m. Wednesday in the multi-purpose room at Pine Grove School.

IN THE ELECTION, voters of the district will be asked to authorize the district board of trustees to borrow an additional \$950,000 in state aid funds to continue the building program.

Sheaff said some of the items to be discussed at the meeting are the necessity for obtaining state aid funds, the proposed construction program for a five-year period, and miscellaneous methods to be employed to insure the necessary two-thirds majority.

The proposed construction of the intermediate school at Inland Valley will deplete all the state aid funds that the district was authorized to borrow in previous elections, the superintendent reported.

HME SAID, "Unless this authorization for borrowing additional state funds is passed by a two-thirds majority, our planned school construction program will necessarily suffer immensely."

The final date for registering to vote in the February 9 election is December 17, and registration can be accomplished at the local fire stations.

Possible Arson To Car Hinted

A case of possible arson to the auto of a Canyon youth last week is under investigation by officers at the sheriff's central sub-station and the Moraga Fire Department.

Moraga Fire Chief Al Baitz reported his department was called to extinguish a blaze in a car owned by Steve Rasmussen of Canyon at the railroad overpass in Canyon.

AS HE ARRIVED, Baitz said, he noticed another carload of teenagers leaving the scene, but was unable to overtake the vehicle.

The fire chief noted that the fire also spread to a hillside near where Rasmussen's car was parked.

Thank Heaven for Little Girls—who grow up!

THANK HEAVEN for Little Girls for when they grow up like Lucy Ann Hupp & you've watched them do it, you can't help it if you cry when they get married.

It could have been the onions we had chopped for the next day's Big Feast, it could have been the snuffles, it could have been the company of our daughter Megan at the Wedding (The Bride was just that age when we met her 9 yrs. ago), it could have been a number of things, but let loose we did w/ the tear ducts! Thank Heaven that OUR Little Girl had a handy supply of tissues in her purse. (She has just started carrying a bag—to school & on state occasions.)

Lucy Ann was wed to Rolfe "Buzz" Williams on Thanksgiving Eve at the Orinda Community Church. The Bride is the daughter of the James Hupps, long-time residents here & both families have a host of wonderful friends. It was just about the NICEST Wedding we've ever attended—or cried at.

WE GATHERED TOGETHER . . . We arrived on the threshold of the church just as The Bride was starting down the aisle on the arm of her father, a tall twosome walking stately to the organ music of Steve Lohr.

Selected by the family for the processional was the "Trumpet Tune" by Purcell & as Dad & Daughter stepped forward, Erwin Mattson caught their picture for the Wedding Book. (Later, Jim Hupp confided that both being so happy & heart-full, it was indeed hard not to break into a strident march instead of maintaining the slow walk—which would have made the music a martial air rather than a marital one!)

THE WEDDING ENTOURAGE, a harvest of Autumn hues . . . The surprise of green glass grapes tucked into the white cysanthemum bridal bouquet. The Bride's gown, her own Labor of Love made w/ the loving assist of Clare Ward, a ballerina-length frock fashioned of the most exquisite creme-colored French silk brocade, a wisp of veiling attached to a delicate Chantilly lace cap.

Members of the Wedding

USHERS busy w/ their duties, escorting family members of the Bride & Groom to & from the sanctuary were The Bride's brother, tall David Hupp who came up from L. A., Mike Elvidge, Walt Williams & Gary Lawrence. Finding their seats in the family row were Maude Sims & Ed Davis together.

SWEET & LOVELY, the Maid of Honor Pat Whitehead & the Jr. Bridesmaid Laurie Hupp whose cafe au lait peau de soie dresses were enhanced by overskirts of herb-green silk organza. Both carried spider mums nose-gays.

Following the ceremony officiated by Reverend Chauncey Blossom, family & Wedded Pair received in the church narthex, completely undaunted by the fact that the guests in the reception line numbered close to 500.

Jim Davison buzzing the Bride, the Marvin Bakers, Bill & Marilyn Kauffman, he among the Acaulanes faculty members present. The Groom being a teacher there.

CUPID'S mark was made by the Dramateurs (the pair met when both were members) so quite a contingent came to the nuptials to felicitate their "first engagement & marriage" in the thespian ranks. Here, the Bruce Winkworths, Director Carl Rasmussen all a-beam, Phil Stearns, Dramateurs pres . . . The Louis Amblers, Clare & Ritchie Ward w/ their son Bill & dgtr. in law Jan . . . The Jim Chaplins en famille, ditto the Ted Howes & the Ted Schillings . . . the Ralph Halls & Dr. & Mrs. Terry Havashi over from S.F.

BARBARA WAYNE & her Linda signing the Guest Book presided over by petite Joan Parker, Mona Williams, the Groom's mother, attired in a gown of gray lace, her dgtr. Cherie choosing white lace over gray silk.

HANDSHAKES & HUGS . . . Paula & Don Reese bestowing felicitations, THEY hosted the Rehearsal Dinner the previous night . . . the Carl Sawyers, Gertrude Ogden, Amelia Hickok in from Berk., Al Thomas, the Joe Longs from whose gardens the lovely fall flowers were brought to deck the church & the Hupp's home on Vallecito Lane where the reception followed later. (Helen Drews did ALL the flower arrangements.)

Nancy (Long) Piediscalzi introducing her husband Nick . . . The Chauncey Blossom's son Tom helping his fiancée Vivian Googans through the happy throng . . . Jack Biersdorf over from Fairfax . . . Elizabeth Laurenson chatting w/ the Bride's grandmother, Mrs. Mable Moorman & this lovely lady introducing her son Charles Moorman who flew in from Tacoma.

MEMBERS of the Wedding . . . Lu Branch w/ her Good Wishes, ditto Florence Minter of Carmel, the Artist Royden Martins of Stockton (she's Betty Hackett of the Dance Schools where Buzz used to teach during College days).

Dr. Robert McEligot & his Nan, Eddie White wishing The Couple well, Evangeline Winkler, Jim & Nancy Devine, Robert & Ernest Spiegl exiting for dinner, the Charles Flenner, the Homer Faheys of Lafayette.

ALL THE NEIGHBORS presents & accounted for & we wondered if Donna Stoy, Poppy Rowe & Marge Rieger remembered back to Lucy Ann's Horse-Days when as a young girl she grazed the local green pastures giving all the neighborhood children rides on her

horse, all of it resembling a Sat. Eve. Post picture.

THE TEARS were drying & through the blur we saw Diane Larsen there w/ her parents, he's Floyd Marcus, School Supt., Emily Randall, little Mrs. Davis, a life-long friend & neighbor of the Groom's family, & Oh, so many many more!

Meanwhile back home—

MEANWHILE, Back at the Reception, the Hupps' house bursting at the seams w/ a surprise increase to the original family guest list . . . The wedding cake, tiered & tall, garlanded at the base w/ Bridal Wreath in its fall foliage (from Helen Drew's garden) & handsomely reflected on the huge mirror table in front of the fireplace. David Hupp, a southpaw, ladled up the punch for toasts but had a little difficulty because of his left-handedness. Their Cup Runneth Over?

A Toast To The Bridal Pair followed w/ a toast from the Groom to his new sister-in-law Laurie, lovely pink-cheeked young lady celebrating her 14th Birthday THAT day! The new Mr. & Mrs. couple departing "whereabouts unknown" to their new secret address amidst a shower of rice from the front stairs. The Bride's bouquet forwarded Football Pass-fashion landing at her father's foot. HE handing it to Pete Wendt (who weds Pat Whitehead in the Spring).

SO OFF & AWAY, Mr. & Mrs. Williams, May you live Happily Ever After!

What's more, your Wedding got us organized for Thanksgiving! We baked 7 pies AHEAD of schedule because for YEARS we've done our baking on Thanksgiving Eve. This year, instead, we cried at your wedding!

SHADES OF Plymouth Rock! At the Children's Hospital Exhibit Tea, there stood Mrs. Miles Standish & Mrs. Moore Pilgrim together at the Tea Table . . . & all the rest of us Indians!!

NEWCOMERS to Donald Dr., the M. W. Killiam family w/ their 4 children, Wayne, Bruce, Roger & Donna. They hail from Whittier & went Thataway for Thanksgiving. In the interest of all you Chickens, we might add that Mr. K. is Western, Dist. Mgr. for Safeway's Egg Dept.

HOME for T. Day from his Oregon State studies was Tony Hermanson, son of the Frank Hermansons of Moraga . . . The Ed Legants cruised to Carmel & the Frank Newmans christened a friend's new cabin at Tahoe while their dgtr. Julie went South for a holiday stay w/ Diane Dorr. At first we thought it was Diane Dors & we did a hasty double-take! This Diane Dorr being the dgtr. of the John Dors NOW of Malibu & we hope you caught Mary Dorr's charming Christmas Reading this week! She flew up again!

OVER IN MORAGA, a recent Baby Shower for Jennie Margaret, 9 days old and Bottles & Booties, she went right along w/ her mother Trudy Sweeney to attend the morning party hosted by Yvonne Mauzey, Jo Rogers & Dolores Gorow at the latter's Orchard Dell home.

There was a windfall of wonderful baby gifts for the new Little Girl in the Jim Sweeney household & among those bearing Nighties & Diddies were Marge DeJohn, Lenore Mohrmann, Mary Louise Koeninger, Beth Klapt, Betty Le Blond & Pat Amber.

MORE at the pre-nuptial party for juice & java & coffee cake were Winifred Hess, Jan Allan, Dolores Parker, Aileen Devine, June Rea & Geneva Kern.

STILL more, most of them brand new or not over 8 mos. in residence here, were Marilyn Arneson, Alberta Dilworth, Doris Horace, Rosalie Claypool, Marie Wright & Joan Ramage whose parents have been visiting from the East Coast. I'd say they've established a good neighbor policy already!

Santa Claus Without A Beard

Cars, Buses, Toys For Needy Kids

By NORMAN COLBY

The "Santa Claus of Cherry Lane," ruddy, 69-year-old George Vette, each yuletide spends up to 150 hours making toy cars, buses and wheelbarrows for needy children—but never has he had the personal joy of being the costumed Santa upon whom the youthful cries of happiness are lavished.

Handing me one of his carefully painted roadsters, he said, "Give this to your boy, and watch the expression on his face. That makes it worthwhile!"

But he added quickly, "Of course I am happy just knowing that 600 wheels will be rolling for so many children."

THIS WHITE-HAIRED gentleman, whose appearance and inner self seem to fit exactly those of the fabled Santa, remembers that he put on the red costume for his three sons when they were very small—but now they have all grown up and moved away.

Now he must be satisfied working in his shop, surrounded by complicated tools and machines purchased during his years as superintendent for a big Los Angeles tool and die-making firm.

He will turn out those little cars, as he has done for five years in Detroit-like mass production style, but with infinite care. Then, someone will call for them, and they will be gone.

George Vette's cars ("What shall I make next year? It will be something with wheels!") will be delivered to the Contra Costa County Juvenile Hall, and four Oakland agencies which house children, victims of, or abandoned by their parents.

MRS. SANTA is in charge of distribution, and never a more enthusiastic aide did any Santa have.

She is Josephine Vette, Cherry Lane resident since 1943, at one time a buyer for a San Francisco merchandising firm, mother of one son, Wallace who is now toy department assistant sales manager for Stonestown, and foster mother of 32 other boys.

For the past 30 years, Mrs. Santa has been taking care of boys whose parents couldn't or wouldn't care for them, and only this year, with the graduation from Pleasant Hill High of her last foster son, is she ready to sit back and relax.

"We are going to spend this Christmas at home, and many of the boys, with their wives and children (our grandchildren!) have written to say they will be visiting us this year," she declared, happily.

"**SOME OF THEM** are in the service. One in the Navy just wrote saying he still remembers the fine meat loaf George cooked when I was ill, and that it beats the Navy chow, as he calls it."

George and Josephine, whose marriage 10 years ago was the second for both of them, are proud to display letters of thanks for the toys from the juvenile hall, also in Oakland the Salvation Army, Fred Finch Children's home, Children's Foster Care Service and Oakland Children's home.

And framed is the letter received from President Eisenhower three Christmases ago.

With a strong, sincere tone, the President wrote, "It was indeed kind of you to remember my grandchildren with some of your handmade toys."

"I WANT to thank you for your thoughtfulness, and at the same time commend you for the fine work you are doing in distributing similar gifts to needy children at Christmas."

"I know you must derive much pleasure and satisfaction from playing Santa Claus. Sincerely, Dwight Eisenhower."

But Vette, who celebrated his 69th birthday last Sunday, is not thinking about a U.S. president's letter of thanks. My idea is wheels. What shall I make next year? You can be sure it will have wheels!

The Santa Claus of Cherry Lane will quietly turn out row after row of the little cars, perfect wheels attached, working until 10 at night as December 25 draws near.

And later on, while talking with his foster sons who arrive for the holidays, he may from time to time dreamily conjure the scenes where the Santas, resplendent in red and white, conferred HIS toys on joyful and adoring youngsters.

The President is right, George Vette WILL derive much pleasure and satisfaction from playing Santa Claus, even though it is only in Yuletide reverie.

Drunk Driver Arrested in School Yard

A Concord man was arrested by the Contra Costa Sheriff's office Wednesday afternoon for drunk driving in front of Diablo Vista and Pleasant Hill Intermediate Schools on Boyd Road.

Patrick Marvin Nicks, 34-year-old truck driver, was arrested by Deputy Sheriff John Snyder. Snyder, in his report, noted that Nicks was "driving in an erratic manner and nearly hit children leaving both schools."

Snyder arrested Nicks in the parking lot of the intermediate school after the man refused to give Snyder any identification nor reveal his name, Snyder reported.

Nicks was booked in the county jail and released on \$263 bail yesterday morning.

He is to appear in Concord Municipal Court Thursday to enter his plea before Judge Louis J. McKannay.

Mother of Eight Jailed by Judge

The mother of eight children was sentenced to 10 days in the county jail and placed on two years probation by Judge Horace Van Gordon Tuesday for illegally accepting \$199 in aid to needy children funds.

The children of Mrs. Antonia Velasquez, Tassajara Road, who range in age from 5 to 15, will be cared for at the county juvenile hall.

The petty theft charge was filed because Mrs. Velasquez failed to report a three-month visit from her alleged common-law husband, Lucas Valencia, whom county officials believe to be the father of three of her children.

According to Deputy District Attorney Sam Mesnick, she claimed the father was in Mexico at the time and failed to advise officials of his return, violating the "absent parent" provision of county welfare eligibility.

'Pinball Payola' Pleas Made by Arrested Trio

Not guilty pleas were entered in Concord Municipal Court yesterday by three men accused of being participants in "Pinball Payola."

Attorney Robert Condon of Martinez entered the plea and Judge Louis McKannay set April 6 at 9:30 a.m. to have the matter decided by jury trial.

The three men were arrested by sheriff's vice officers and patrol deputies at the Paddock Bowling in Pacheco last Friday evening.

The men are Wolfram F. Sexauer, 130 Beverly Drive, Robert L. Tank, 109 Grayson Road and the bartender who allegedly made the payoff is Donald Rubottom, 1446 Charlton Drive.

All the men live in Pleasant Hill.

The players were arrested and charged under section 330.1 of the state criminal code and the bartender was arrested under section 33.5 of the same code. They are being held on \$105 cash bail.

WITH EXPERT and loving care, George Vette, retired tool and die firm superintendent, turns out his little cars, destined to become treasured Christmas gifts for 100 needy children this year. He does the work in his shop behind his Cherry Lane home.

Coll's Court Comments Claim Consolidation Best

The Contra Costa County Board of Supervisors will again review the county's court system Tuesday in Martinez.

This was decided by the supervisors following a half-hour exchange between Thomas J. Coll, third district supervisor, and his four colleagues Tuesday in Martinez.

COLL CONTENDED that the county should have a long look at its courts and begin a "long overdue consideration of justice and municipal courts."

Coll commented that he would again bring the matter up Tuesday, after he has studied a report compiled for the county several years ago on the county court situation.

Coll said creation of municipal courts in San Pablo and Concord and the one about to be established by Superior Court suit in Walnut Creek is evidence of what will happen throughout the county if the board of supervisors does not take action to consolidate.

COLL PREDICTED a municipal court will be formed in El Cerrito because the area has more than 40,000 residents, the number required by law for the establishment of a municipal court.

Warren G. Buchanan, chairman of the board, said that the county has had excellent studies made on the court system which point to consolidation, but, Buchanan noted, "We won't."

Coll made the suggestion that a committee should be appointed to study consolidation, but dropped the idea after the other members of the board insisted that consolidation was "politically impractical."

Coll countered to the other supervisors by charging: "WE ARE NOT facing reality."

Sheriff's Office Reorganization Conclusion Told

Reorganization of the upper ranks in the Contra Costa County Sheriff's Department has been completed with appointment of Sergeant Steve S. Rossi as a lieutenant, Sheriff Walter F. Young said Tuesday.

Five divisions under the sheriff and undersheriff are now headed by lieutenants. They are patrol, detective, detention, communications and service.

Rossi was placed in charge of the service division.

Rossi joined the department in October, 1945. He became a radio dispatcher in May, 1946, and was promoted to sergeant in the patrol division in June, 1952. He has been an instructor in the civil defense and peace officer training program since 1951.

Man Robbed Leaving Bar

Edward Dunlap of 1054 Foothill Park Circle, Walnut Creek told police that he was "strong armed" and robbed of \$115, after coming out of a Locust Street cocktail lounge, early the morning of November 21.

He said one of two men pressed a solid object into his side, and after calling him a "punk" removed the cash from his wallet. Police are investigating.

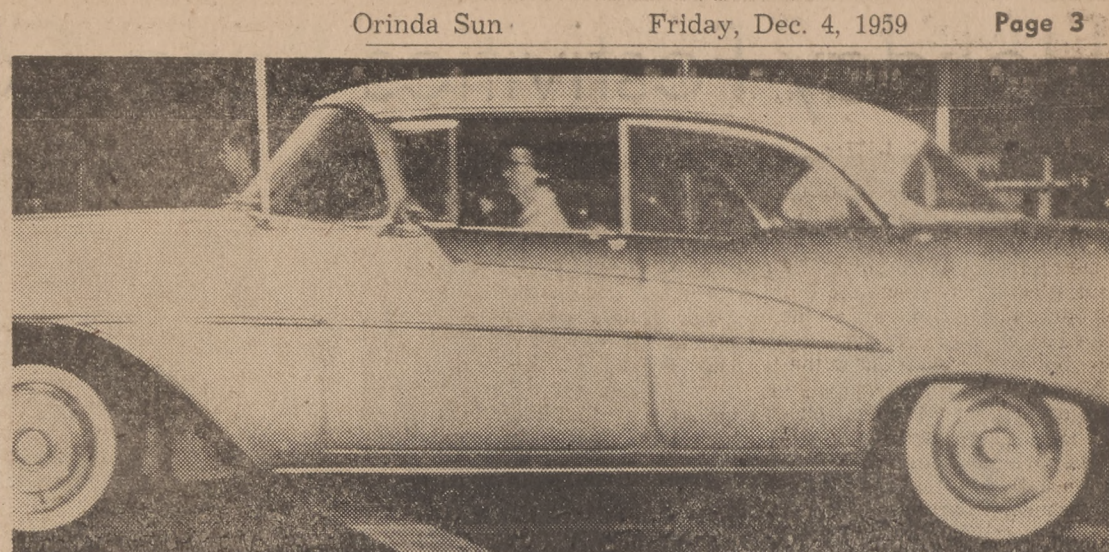

Youth Admits Series of Burglaries

Jerry G. Corsaut, 19, who has admitted taking part in the \$300 robbery of the Moraga Bar on November 25, Wednesday confessed another robbery and two burglaries, sheriff's detective H. E. Hobert said.

Hobert said Corsaut admitted robbing Edward F. Dunlap of 1554 Foothill Park Circle, Pleasant Hill, of \$100 in a restaurant parking lot in Lafayette on November 21 and to stealing \$17 from a service station at 1600 Tice Valley Boulevard in Walnut Creek, and \$10 from the East Bay Appliance Service Company, 1954 Mt. Diablo Boulevard, Walnut Creek, November 22.

Corsaut implicated Gary W. Smith, 20, of Castro Valley, in the robbery of Dunlap. Smith is being held in lieu of \$2000 bail and will appear at 3:30 p.m. today in Martinez Judicial District Court.

Corsaut, of 60 Greenway Drive, Walnut Creek, and William Runyon, 17, of 123 Arroyo Drive, Danville, admitted the Moraga Bar holdup, deputies said. They were traced through Corsaut's car.

On The Lighter Side

By MADELINE SCHWARTZ

Mt. Diablo Therapy Center's Christmas Fair is the EVENT—Walnut Creek's Walnut Bowl is the PLACE—and today, tonight and tomorrow afternoon is the TIME for all of us to pick up our hard-to-find CHRISTMAS GIFTS.

We'll be contributing to the Therapy Center and will also be putting a much-needed dent in our Yule shopping lists. All this, and entertainment too.

Hope you all look in on the big BOWLING MATCH at the Walnut Bowl between San Francisco's famous columnist—HERB CAEN and the equally famous author and bon vivant BARNABY CONRAD, must have been some game... and today JACK WHEATMAN will give us upmost different Christmas decoration ideas for the home—inexpensive and easy to do ourselves.

Fourteen Units Represented

Each of the Therapy Center's fourteen units will have its own booth and its own motif—TOWHEES: Toys, many of them imported, Mrs. John Gallagher, Walnut Creek, chairman. FLAMINGOS: (Flamingo Creations) all hand made, will be made up of puppets (dogs, mice, cats) as well as wind chimes, Mrs. Robert Kuhn, Walnut Creek, chairman. FLICKERS: 'Yum Yums'—homemade candies, some from old family recipes, Mrs. Jack Gordon, Walnut Creek, chairman.

CARDINALS: 'Puffs 'n' Scuffs'—beautiful pillows made of decorator fabrics as well as aprons, traveling scuffs, Mrs. Paul Daly, Lafayette, chairman. QUAILS: 'Christmas Decorations'—including pine cone ornaments, clever tree skirts, Mrs. D. Thatcher, Moraga, chairman. MARY DOYLE unit will be helping the Quails with ornaments. SWALLOWS: 'Articles for Men and Boys'—should be really clever. Matching father and son red vests, embroidered boy's pillow cases, etc., Mrs. Robert Heaton, Lafayette, chairman.

ORIOLES: 'Used Books'—wonderful way to pick up those long-wanted books for these winter evenings, Mrs. Elmer Berry, Orinda, chairman. LARKS: Paragon Line of candles—on the ornate line and especially delightful for Christmas, Mrs. A. N. Warburton, Lafayette, chairman. ROBINS: Food 'Holiday Delicacies', Mrs. Y. E. Dyckman, Concord, chairman. LINNETS: 'Antiques'—Jewelry, silver, pressed glass, dishes, lamps, Mrs. Paul Nave, Walnut Creek, chairman.

NIGHTINGALES: 'Garden Glamour' Poinsettias, azaleas, garden aprons, garden gloves—you'll love the one, complete with fingernails and rings, Mrs. Al Gardener, Contra Costa Golf Club, Concord, chairman. LINNET JUNIORS: 'Information' to hand out all the information about the Mt. Diablo Therapy Center and just what this active group is doing and why. HUMMINGBIRDS: 'Table Decorations'—taggers door trees, Mrs. Dwight Dickerson, Orinda, chairman.

Informal Fashion Show

A luncheon was held yesterday with Jo Ann's of Walnut Creek doing the casual modeling—you know the kind, from table to table. Nothing formal.

The models, all busy Therapy Center members, included Mrs. Vance Perry, whose husband is on the new Board of Directors of the Therapy Center and Mesdames Robert Patrick, C. Wadsworth White, Ridgeway Woodburn, Gerald Ball, A. Warburton and W. J. McGuire.

This afternoon there will be the Christmas decor tea from 2:30 to 4:30. This should interest many of us.

Tomorrow morning Tempa the Magician will perform at ten fifteen. This will be a spot for the kids and what's more, it's free!

The whole motif is oriental with names for each booth. Each two pagodas will grace the entrance to the Fair.

THE ENTIRE CHRISTMAS FAIR was originally planned by the late Mrs. R. W. Curtis, general chairman, but is now being carried on in her memory. Succeeding Mrs. Curtis are Mrs. Schroeder, Mrs. Richard Lieber and Mrs. Lloyd Lekse (financial), all of Walnut Creek.

Christmas Fair New Effort

In former years, the Therapy Center has operated a 'Gift Box' project in the Broadway Shopping Center of Walnut Creek—the proceeds aiding in physical therapy, speech and hearing therapy and rehabilitation at the Center. This all-out, bang-up Christmas Fair will serve the same purpose.

And now to other things—Natalie and Bob Williams celebrated their twelfth wedding anniversary by taking a three week trip to Japan—how about that for a nice little jaunt?

Fran Seeman has been putting in her spare time shopping for equipment for her daughter's new horse. The next few weekends will be put into building a stable for 'Tink.'

Reluctant Donkey Attends Tea

Can't imagine why a donkey wouldn't want to come to a tea on a beautiful sunny Saturday afternoon, but the Towhees of the Mt. Diablo Therapy Center found one who was as stubborn as a mule!

Seems as though it irked him to be transported in a panel truck—he is definitely the convertible young-at-heart type—so it was necessary to scurry around to find an open-air pick-up for his Majesty.

We added much to the atmosphere staked to the corner of the lawn at the Diablo Valley College where the Towhee Unit held their Eighth Annual Exhibit Tea.

At the entrance, opposite our friend, was the most delightful living manger scene, done by Dr. and Mrs. Pierre Achener, complete with two adorable lambs closely guarded by mama.

Exhibits Win Sweepstakes Awards

The exhibits were certainly exceptional this year—so many new ideas—some ethereal, some modern and others simple and charming. THE SWEEPSTAKES AWARDS went to the Women's Auxiliary of the Concord Community Hospital District for the table setting—a dried arrangement type centerpiece with very unusual and lovely color accents—and the Heidi Chapter of Children's Home Society won the sweepstakes for the table trees with a red cone shaped 'tree' festooned with glittering beads.

Three Debs Honored at Saturday Tea

Three of the season's debutantes were honored at a tea given Saturday by Mrs. Robert Bridges at her Happy Valley home.

Debs who received with Mrs. Bridges in the living room while guests were served in the dining room were Shelley Pond, Dana Tolles, and Fredericka Lamb.

Shelley, daughter of the Chaucer Ponds of Happy Valley, wore a black faille dress for the tea and had a bouquet of blue and white flowers. Dana, daughter of Mr. and Mrs. R. P. Tolles, wore avocado green and white chiffon with a bouquet of pink and white flowers.

Fredericka, daughter of Dr. and Mrs. Woodburn K. Lamb of Orinda, was in white organza over yellow and carried yellow flowers. All the bouquets were of artificial blooms which their hostess had made for them so they could have keepsakes of the occasion.

Mrs. Bridges, her sister, Mrs. George Bardet, her daughter, Linda Bridges, and daughter-in-law, Mrs. David Bridges, all wore gowns fashioned from material Mrs. Bridges purchased while in Paris.

The hostess' daughter and daughter-in-law greeted guests at the door. Assisting in the garden room were Mesdames Glen Logan, John Rogers, Eugene Scofield, Fred Seuborger, Heywood Gathings, William Babcock, William Freeman and Padgett Gathings.

Assisting in the dining room were Mesdames Edward White, George Bardet, Thomas McGuire, Harry John Dutton, Shirley Baker and the Misses Sara Tolles, Mary Ann McGuire and Allison Plant. The mothers of the three debs assisted with receiving throughout the home.

Junior Board To Meet December 9

"Les Belles En Vogue" is the theme of the second annual January Conference as announced by Mrs. Charles Pratt Jr., Mt. Diablo district president from the Walnut Creek Juniors.

The January Conference will be held at the Walnut Creek Women's Club house in Walnut Creek on January 30. The Walnut Creek Juniors and the Pleasant Hill Juniors have volunteered to co-host the day-long affair.

Mrs. Pratt reported that Mrs. Donald Amato, state junior president of the California Federation of Women's Clubs Junior membership, will be the guest of honor at the convocation.

Mt. Diablo District Junior Board will hold a meeting at the Madera School in El Cerrito, December 9, at 8 p.m. The Richmond Juniors and the Hill and Dale Juniors will co-host the evening meeting. There will be a brief meeting of the board of directors preceding the board meeting.

Mt. Diablo District will be honored January 22 and 23 when they host the State Junior Board meeting at the El Rio in Antioch. A press conference is planned for both Thursday, January 22, and Friday, January 23.

The district board from Mt. Diablo plans to hold a champagne reception in honor of the state board members on Friday evening, January 22. Final plans will be discussed with committees from the various clubs being named to prepare for the evening in Antioch. The district expects to entertain some 50 members of the state board with members coming from clubs throughout the state of California.

Winter Ball Debts Have Busy Calendar

The social calendar for the Winter Ball Debates who will bow at the Winter Ball, December 22, glitters like a glamorous Christmas Tree bauble.

A bevy of six young women of Contra Costa County will join their bayou sisters to bid adieu to the winter season at the society at the Hill Branch-sponsored black-tie benefit for Children's Hospital of the East Bay.

The young women whose calendars are as chock-full as a Christmas stocking are Susan Ball, daughter of Mr. and Mrs. Gordon Ball of Danville; Carol Force, daughter of Mr. and Mrs. Raymond Force of Lafayette; Fredericka Lamb, daughter of Dr. and Mrs. Woodburn Lamb of Orinda; Sandra Miller, daughter of Mr. and Mrs. G. Willard Miller, Jr. of Orinda; Shelley Pond, daughter of Mr. and Mrs. Chauncey Pond of Lafayette; and Dana Polles, daughter of Mr. and Mrs. R. P. Tolles of Lafayette.

All the girls are students of the Anna Head School in Berkeley except Susan Ball who attends San Ramon High and Carol Force who studies at the Circle V-Bar School.

Bowing out from the 1959 cotillion is Julie Allen, daughter of Mr. and Mrs. Sheldon Allen of Orinda, former Anna Head student who after a tour of Europe with her parents this Fall is now enrolled at the University of Madrid.

The debutantes will be presented first in the Garden Room, introduced by Captain Edward Steffanides, later in the Empire Room by Mr. John E. Cole.

This year, instead of the debutantes inviting a stag, the Winter Ball Committee will invite more young men to be ushers. Mr. Willard Wilde will be chairman of the ushers and the party for this contingent of young swains, where they will meet the debts, will be held on December 18 at the home of Captain and Mrs. Edward Steffanides.

Anticipating the fun and gaiety of the holidays ahead Mrs. Frank E. Dobbs of Concord will demonstrate "Fancies in Foil" at the coming meeting of the Christian Women's Club, Contra Costa branch, at the Concord Inn, Willow Pass Road, Monday at 12:30 noon.

Mrs. Dale Hamaan, program chairman, Walnut Creek, will introduce Mrs. William W. Newton of Lafayette, Christian education and author who will bring an address appropriate to the season entitled "Wrappings."

Mrs. Charles D. Sholty, Pleasant Hill, is club chairman.

Assisting Mrs. Harry M. Fisher, hostess chairman, Walnut Creek, at the tables will be Mrs. G. M. Wheeler and Mrs. Earl Mulkins of Pleasant Hill, Mrs. John Edward Corcoran of Walnut Creek, Mrs. Robert C. Saxton of Moraga, and from Concord Mrs. Ed Trager, Mrs. Jack Dennin Harpe, Mrs. M. R. Press, and Mrs. Jess North.

Champagne Party For Orinda Club

Popping champagne corks will open the Christmas season for the Orinda Woman's Club on Sunday at the Carroll Ranch.

From 3 to 5 in the afternoon, active and associate members will gather to celebrate their annual Christmas party. Plans were made by Mrs. W. T. Cannon and Mrs. E. F. Nielsen, co-chairmen, and their hard-working social committee.

Decorations were done by Mesdames James Stockholm, R. Bruce Hoffe, and David Edwards; on the food committee were Mesdames M. C. Rich, Edward Patterson, J. C. Foss, R. E. Bottjer, and Paul Gregg; and service was in charge of Mrs. Clyde St. John.

Papaya Branch Fashion Show

The Papaya Branch fashion show will be held December 16 at the Villa San Ramon at 12 noon.

Casual Corner of Walnut Creek will present a special holiday showing of glamorous Christmas gift ideas. Santa Claus himself will be present with lots of exciting surprises.

Mrs. Vern Ryan, fashion show chairman, will be assisted by Mrs. Robert Seaton, Papaya Branch chairman. Other fashion show committee members are: Mrs. Robert J. Lang, ticket chairman; Mrs. James D. Kress, decorations; Mrs. Robert E. Olson, awards (special events); Mrs. Al Kaplan, wardrobe; and Mrs. John H. Russell, publicity.

The models will be the Mesdames Donald Weir, Robert Olson, James Kress, George Green, Harvey Hanrahan, Robert Lang, and Vera Ryan.

Heidi Chapter Plans Tea

When Heidi Chapter of the Children's Home Society meets on Tuesday at the home of Mrs. Charles E. Grant, 645 Los Palos Drive, Lafayette, business will be dispensed with. It will be a festive Christmas tea.

Guest of honor will be Mrs. A. S. Hickey, director of chapters and auxiliaries of the Children's Home Society. At this time Mrs. Hickey will be presented with a check from the proceeds of Heidi's big fund raiser, the recent luncheon and fashion show at the Castlewood Country Club. Individual gifts from Heidi members will be given to Mrs. Hickey for the infants cared for by the society.

Co-hostesses for this Christmas party will be the Mesdames Carl W. Ball, Stanley J. Deitrick and Charles H. Johnston.

More than a hundred auxiliaries, chapters and councils throughout the state serve and implement the program of the Children's Home Society.

Through their sponsorship of fund raising events these groups produce much of the income necessary to carry on the work of the society.

Other services performed by volunteers include assisting in the clinic, furnishing transportation to boarding mothers and babies, sewing and mending of baby clothes and doing clerical work—serving children and parents of every race, faith and nationality.

Delta Gammas To Meet Thurs.

The Mt. Diablo Delta Gamma Alumnae Association will meet December 10 at 8 p.m. in the home of Mrs. John H. (Virginia) Risbrough Jr., 1214 Warner Court, Lafayette.

Those wishing to attend should call Mrs. Risbrough, according to Mrs. Robert Brun, publicity chairman.

Art League Hears Talk On Andes Art

Highlights of the Art League of the East Bay's traditional Christmas meeting on Tuesday, Dec. 1, at the home of Mrs. David Dutton in Piedmont were the welcoming of nine new members and the guest speaker, Professor T. Harper Goodspeed.

The Art League, sponsors of the Art League classes at the Junior Center of Art and Science in Mosswood Park, Oakland, consists of a group of artists and art lovers. The new members were greeted by Mrs. Karl Schevill of Orinda, league president.

Among the new members are Mrs. Edward Lerch of Orinda who was educated in France and Switzerland, has interests ranging from working in mosaics to furniture refinishing, and Mrs. Roger Olson of Orinda who studied art history at Stanford and had a career as a fashion coordinator and also commented at numerous fashion shows throughout the Bay Area.

Professor T. Harper Goodspeed talked on art forms in the Andes from Pre-Columbian days down to modern times. He illustrated his lecture with art objects from his own collection and slides taken during his most recent trip to South America.

The Art League is completing this month the sixth year of its Christmas card project. Children's art work, created in the Art League classes and designs by members of the Art League are adapted to Christmas cards and sold by the membership. Proceeds are used to support their art classes.

Career, Home--Happy Housewife

PROFESSIONAL WRITER, authority on home decoration, cuisine expert, Mrs. Joan Pringle Stokes is equally adept in her role of homemaker in the attractive family residence at 26 Lavenida Court, Orinda.

A graduate of the University of California, Berkeley, Mrs. Stokes is a true Californian, born and educated in Oakland. Her fondness and familiarity with the East Bay have been invaluable in her writings concerning local home decoration and architecture, however a lot of study is behind her success in this field.

As a student at Cal, Mrs. Stokes studied art and decoration after school hours, is a graduate of Macy's Home Decoration classes, and has worked in Macy's and Jackson's home decoration departments.

BUSY NOW MOTHERING Timothy 4½, Leigh 2½ and Lindsey 10 months, this energetic lady still finds time to write weekly features on home decoration and architecture and prepare material for two national magazines, Home Modernizing and New Homes Guide.

She spends two days a week away from home seeing houses and getting material, then does the work at home. She said, "It's kind of hectic at times, but I fit my time in between theirs."

Miniature Yule Tree Display Tomorrow

Trimming the tree is a challenge to every housewife. And branch members of Children's Hospital of the East Bay meet the challenge on a grand scale, presenting annually a dazzling display of approximately 180 original, hand-made miniature Christmas trees.

Scheduled to open at the Hotel Claremont in Berkeley today at a gala preview from 5 p.m. to 11 p.m., the Festival will feature such gems as a triangular tree fashioned from multicolored stained glass, with blue, green, red, turquoise, amber and violet blending in a blaze of color. Made by Mrs. G. E. Morrison of Lafayette as Birch branch's entry, it promises to

be a perfect center for a Christmas dinner table, or a colorful focal in an entry hall.

Mrs. Frank Cashin of Walnut Creek has made for Linden branch a 3-foot hydrangea tree, sprayed copper, and trimmed with jeweled butterflies.

All of the trees will be for sale, but although they may be sold at the beginning of the festival they will not be removed until the close of the show Thursday night.

Proceeds from the admissions and from the sale of trees will benefit the part-day assistance program for needy children at Children's Hospital of the East Bay.

Swallow's Unit Elects Officers

Swallows Unit of the Mt. Diablo Therapy Center, Swallows Unit new Lafayette group, held their November meeting at the home of Mrs. Dick Rockwell, with Mrs. John Wakeman as co-hostess.

The membership voted to present their first check to the Therapy Center, made possible by the successful White Elephant Tea just staged under the chairmanship of Mrs. John Gilcrest.

A slate of officers for the new term was presented to the members and accepted. New officers are: Mrs. Richard Emory, president; Mrs. William White, vice-president; Mrs. Peter Grayum, treasurer; Mrs. Philip Chance, corresponding secretary; Mrs. Thomas Bridgefort Jr., recording secretary, and Mrs. James Simonds, parliamentarian.

Officers completing their term of office and the unit's first year of activities are: Mrs. James Simonds, president; Mrs. G. E. Frazell, vice-president; Mrs. Peter Grayum, treasurer; Mrs. William White, corresponding secretary, and Mrs. Bruce Stringer, recording secretary.

Larks Meet December 10

The new board members of the Lafayette Larks will meet at the home of Mrs. E. S. Ageno on December 10 for a short business meeting followed by a luncheon for the new and outgoing board members.

Mrs. Ageno has been re-nominated as president and the new officers to serve with her are Mrs. D. M. Falconer, vice president, Mrs. John Helm, secretary, Mrs. Joseph Tessler, treasurer, and Mrs. Andrew Kritschger, corresponding secretary.

Members appointed to serve on the board by Mrs. Ageno are Mrs. D. M. Falconer, board of directors; Mrs. L. Anderson, Mrs. Gerald Oulton, Mrs. B. J. Harris, coordinating council; Mrs. K. S. Welch, membership; Mrs. Sherman Sibley, telephone; Mrs. William Simpson, ways and means; Mrs. Don Campbell, volunteer services; Mrs. R. L. Bartak, transportation and aids; Mrs. Howard Hearn, publicity; Mrs. W. H. Gritzer, newsletter; Mrs. R. W. Underhill and Mrs. Ageno, Jr., Larks; and Mrs. A. N. Warburton, parliamentarian.

She "loves to cook" and some of her precious hours at home are spent whipping up delectable French dishes. Her favorite is Tarte L'Orion, a type of French pastry resembling a pie.

When her husband was in France studying on a Reed Foundation Fellowship, the couple spent three or four months in Paris. It was in Paris at the Cordon Bleu (school of French cookery) that Mrs. Stokes learned the techniques of the French cuisine.

WHILE IN EUROPE she also studied the cuisines of other countries and sent articles back to California news media on both home architecture and cooking of various countries.

Next summer Mrs. Stokes plans to start teaching her children to swim. This should be no problem for a lady who won two Junior National Championships for diving when she was a student.

She won more than trophies diving, for it was through participation in this sport that she first met her husband, Bill. They continued to date while at Cal, and were married in 1950. The couple has lived in Orinda for four years.

AN INTERESTING CAREER can be combined with happiness at home and motherhood. As Mrs. Stokes says, "It's a good thing to do, a good break for them and for me, too. Kind of healthy all the way around."

THE MONEY PROBLEM, faced by the Diablo Pageant of Arts, is being attacked by its new auxiliary, which will hold a brunch, next Friday at the Walnut Creek Women's Club. Decorations are enthusiastically discussed by members, Mrs. J. B. Clausen, left, and Mrs. T. W. Hasper.

Exhibit Tea Awards Won

Award winners at the Children's Hospital Exhibit Tea included the Walnut Branch and the Allanthus Branch (Orinda).

The prize winning exhibit for Walnut Branch was an umbrella Christmas tree. A gay turquoise and white giant paper umbrella was folded in cone shape, spiraled with tinsel, and filled with a flashing white light, creating a modernistic display-type Christmas tree.

Mrs. Thomas Taylor of Lafayette planned the prize winning, assisted by her husband who built the stand for the umbrella tree and the boxes where branch members kept their merchandise.

A booth featuring "Koope Kapers," a collection of favorite cookie recipes of members of the Allanthus Branch won an award for the Orinda group.

The winning booth was created by members of the Allanthus Branch who were assisted by their counselor, Mrs. Spencer Archer, 1 Sally Ann Road, Orinda.

Das Matterhorn Offers Unique Ski Equipment

Das Matterhorn, Inc., which recently opened at 21 Orinda Way, is a unique store in more ways than one.

First, its location in what once was nothing more than a basement and the decorations and wood carvings inside the establishment help give Das Matterhorn the appearance of a chalet high in the Austrian Alps.

THIS, ACCORDING to Ken Fredericks, one of three owners and the manager of the new store, is what he and his partner intended when they started plans for the ski shop.

It was Fredericks' trip to Europe earlier this year which ac-

Friday, Dec. 4, 1959

tually gave birth to the Das Matterhorn idea.

The items sold at Das Matterhorn are all imported from Europe by Fredericks and his partners. In addition to skis and ski equipment, the store sells cuckoo clocks and other European trinkets.

DURING THE summer, Fredericks said, Das Matterhorn will become the area's mountaineering headquarters, with clothing and mountaineering equipment of all kinds on hand.

Fredericks' partners are Mary Larson and Beni Franzini. The store is open from 10 a.m. to 10 p.m. Monday through Saturday.

Christmas Seal contributions pay for medical research, case finding, rehabilitation, and educational activities for the defeat of tuberculosis.

Miramonte Presents Annual Party Set

The Miramonte Parents Club has chosen May 5 as the date for its annual dessert bridge party, according to Mrs. J. W. Neighbor, general chairman.

Mrs. Neighbor said this year's event is to be a pool and patio party, and many surprises have been planned for those who attend.

The annual party is the only fund-raising event planned by the parents. As in the past, proceeds will provide scholarships for Miramonte students, Mrs. Neighbor explained.

Jere Hageman Is At Photo School

Learning to be a professional photographer is an intriguing and involved task, according to Jere Hageman of Lafayette, who enrolled last month in the Brooks Institute of Photography at Santa Barbara.

"Before entering Brooks I never realized the great amount of technical knowledge and creative ability required before one can qualify as a professional photographer by modern standards," he said.

Hageman, a 1955 graduate of Acalanes High School, is studying at Brooks under the 28-month professional program. He is the son of Mr. and Mrs. Jack Hageman of 3491 Monroe Avenue.

Moraga Baptist Church Groundbreaking Sunday

The children of the Sunday church school of the Moraga Community Baptist Church will bring their shovels to break the ground for the first unit of the building program Sunday at 3 p.m.

The building will be a \$40,000 hall with a youth center leading combination chapel-fellowship out onto a patio. It will also have five fully equipped church school classrooms.

THE ARCHITECT, Wayne Osaki, has located the building on the site to provide a commanding view of the Lafayette and Moraga valleys. The site is one half mile northeast of Rheem Center on Moraga Road.

St. Stephen's Will Feature Holiday Fair

A holiday fair, featuring reasonably priced, hand made, and tastefully designed Christmas gifts and decorations, will be held as a joint effort of all church organizations tomorrow from 10 a.m. to 5 p.m. at St. Stephen's Episcopal Church, St. Stephen's Drive and Las Vegas Road, Orinda.

While their elders shop, children will be diverted by a movie show, which will run continuously a make-up booth at which they can be transformed into Indians, princesses, or clowns and offerings of many small items priced to fit their pocketbooks.

SNACK BARS will be in operation throughout the day and food booths will feature small packages for immediate consumption in addition to casseroles and home baked cakes and cookies attractively packaged.

Exquisite hand made tree decorations and ornaments, table and house decorations, will be available in addition to many items suitable as gifts. One booth will feature "Nearly New" clothing of exception al quality, a boon to mothers of fast growing youngsters.

A unique opportunity will be found at the book booth, which will offer a large variety of new, beautifully illustrated religious books in hard cover editions. Suitable for all denominations these books are particularly appropriate as Christmas gifts from parents and Godparents, and will be available to suit all age groups including adults.

General chairman of the event is Mrs. E. Allen Holbrook, who has coordinated the efforts of all church organizations in planning and working on the fair.

Educational Costs Going Up; Everything Else, Too!

Let's face it, the cost of operating and running our schools is getting higher every year.

But then, we should expect this. The cost of automobiles, tooth paste and groceries are getting higher each year too.

Taken by and large, the operation of schools is probably the biggest business in Contra Costa County. The estimated budget for the Mt. Diablo Unified School District alone is over \$9½ million dollars . . . and that's big business.

This is something about which we cannot complain. We find that we have to allow for larger family budgets these days in our homes because of the increased cost of living, and we are going to have to expect to do the same for the costs of education.

THIS PROBLEM WAS graphically pointed out in The Sun last week in an article on the annual cost of educating each school child in the county.

Here are the way these costs have increased over the past 17 years. The first figure is the cost of educating an elementary school child for one year in 1942—the second figure is the cost today:

Alamo—\$122 to \$358; Lafayette—\$96 to \$351; Moraga—\$90 to \$311; Orinda—\$114 to \$342 and Walnut Creek, \$76 to \$329.

IT IS DIFFICULT to assess the elementary cost per pupil in the Mt. Diablo Unified School District because the high school costs are included, but the cost per pupil in that district today is \$368.

The county average for current elementary costs per pupil is \$335.

Generally speaking, our school districts are doing a good job of keeping costs in line and providing a superior level of education, and for this they are to be congratulated.

And we must realize that as costs continue to go up we must expect to support more bond issues and tax-rate-limit elections.

But just because costs are rising, our school district officials cannot take on a complacent air, throw up their hands and say "we can't do anything about it."

It becomes more important than ever for these people to strive continually for greater efficiency.

Because these costs are reflected directly as the largest single item on our tax bills . . . they are responsible for the greatest part of the money you ship off to the county each year.

LIKEWISE, BOTH educators and members of the community must work even more closely to determine what kind of education we want for our children, what kind of facilities are necessary, and just what we can afford.

There will be many things in the coming years that we will want for our schools, and there will be some of them that we will have to do without or postpone on the common-sense decisions of good management.

But no matter what we do, the costs will continue to rise, and we will continue to pay more through our tax bill.

All we can do is to work together to keep it as painless as possible.

We Like It Here . . . Everything's Coming Up Sentiment & Santa Claus

By MARIE MONAHAN

DECK THE HALLS with Mistletoe, Fa-la-la & here we go! There is so much to remember — now that we are in December.

Did the children write to Santa?
Not to mention Grandma, Aunt & Uncle who will help a bit — with presents that don't always fit?
PEN is poised for Christmas cards, never mind the name imprint.

Have to get some gay shoes tinted.
RED & Green from head to toe, Jingle Bells, away we go! TIME to check the Christmas lists held so tight by little fists. To shops, bazaars we'll all be hopping, to do our 9-PM shopping!

IN crowded stores, we brave the elevator
Or mix with mob on escalator.
Up & Down around we go in a daze of Christmas glow, pushed & shoved, now fast, then slow!
Better, Dear, to be the Giver . . . Gift wrap? Please & Yes, deliver!

DECEMBER month, the carols start, tugging at the Tender Heart.
Mommies take their little Moppets to Santa Claus for lollipops, picture-taking, candy canes & then a trip through Toyland Lanes.

Walking dolls & cowboy booties, electric trains & their ca' booties (clerks with kids are in Cahooties!)
TOYLAND, JOYLAND, Girl & Boyland
Children sprawling, Caterwauling

SOME, for sure, need overhauling!
PEACE on earth & peace to mothers, behave wee sisters, tiny brothers (or Santy gives your toys to others!)
From magazines we'll save & clip, the things we'd like to serve, to sip, of yum ideas, rum ideas for things we'll bake & make or decorate!

Search the cupboards, drawers & closets for those tucked-away deposits.
Would we could use Santa's elves, to bring some order to our shelves.
CHILDREN wise, can fast surmise, where to find that Big Surprise!

Hark, the Herald Angels sing. How the telephone doth ring! Glad Season brings precipitation of the Party Invitation! Everybody Lovey-dovey, Partridge Tree & Turtle-dovey
Sing, December, of Good Will Of Vitamin & Aspirin pill!

WREATHS of smiles & wreaths of holly. Trees of pink & gold, by golly!
Save me, Sir, the fullest fir. It seems the plain old-fashioned kind, is always very hard to find.

CANDIES red & ribbon candy. Fruit cakes bedded down in brandy.
Scent of bayberry, fragrant pine. Miles of satin, tinsel, twine . . . MARK the Yule Log for the fire. One that we will ALL admire! Careful, now, the ornaments, collection of adorns-naments!

TIERED angel, minus halo, Choir Boy looks kind of pale, Oh, paint has faded from his face. Glue Joseph's head back in its place.
December month, you've just begun The Season bright for Everyone!
With TWENTY days to get things done!
TWENTY!!!!

We were shown the tree, where each child had pinned a leaf on which he had written his Thanksgiving thoughts . . . ("I'm thankful for the courage to go on living . . . thankful that I have a Lord . . . thankful for the roof over my head.")

Then it occurred to us that these children, who apparently had so little to be thankful for, were the most thankful of all. They showed that they appreciated the simplest thing in life, yet sometimes the hardest thing to find . . . love.

For some of them, it is going to be very hard to trust and love as they grow up . . . for others it will be easier. But all of them have learned the hard way the value of love and consideration, and all of them will be most thankful all of their lives for any little bit of it that they can find in any place or in any person.

And we were most thankful of all for the chance to be Vicki's guest for Thanksgiving . . . and learn from her why we should be thankful.

It's Cheaper and More Fun to Do It This Way . . .

Where did you buy your last dress?
Or, if you happen to be the man of the house, where did you buy your last refrigerator?

Let's face one of the facts of life. If you didn't buy these items (and thousands of others) right in your own community, then you got robbed!

There are lots of reasons for patronizing your own local merchant—logical reasons that are expounded all the time.

But there is only one that really matters to you. It's very simply stated in three words.

YOU SAVE MONEY!

And there is no reason for shopping elsewhere. The selection in your community is excellent (probably better than in most places) and you KNOW with whom you are dealing.

Furthermore the prices are competitive and you've got a guarantee.

Here's something you might consider. It is a well known fact that we all return things from time to time. Sometimes they don't fit, sometimes they don't look right, and sometimes we just plain change our minds.

If you go into Oakland or San Francisco to shop, you've practically eliminated this right. If you shop at home, you haven't.

The Staff Corner Just a Little Party . . .

By DICK OSBORN

Vicki had a fine Thanksgiving . . . almost.

And so did her brother and Sue and Freddy and Terry and Bessy and a host of other kids.

Only some of them didn't say a word, and it was all some of them could do to keep from crying, even if it was a party.

You've probably already forgotten Thanksgiving . . . except that you had a fine turkey, and the family was all there (even the in-laws).

Well, that was the thing about Vicki's Thanksgiving . . . her family wasn't there . . . and only one of her seven-or-so brothers.

We had the good fortune to be Vicki's guest at Edgar Cottage, Contra Costa Juvenile Hall, on a very special occasion. Just before Thanksgiving the youngsters there have a party for their parents if they can come, or for their teachers or their friends.

And it really is a party, complete with milk and cookies, cupcakes and lots of coffee for the older folks.

Of course there's a play, put on by all the youngsters, and music at the piano—you know, a real PARTY.

Only it's kind of hard to have a party when nobody comes to it . . . and nobody could come to Vicki's party.

We were most fortunate. We didn't have anybody special to visit (when we arrived at the cottage at 8 p.m.) so we had a big table all to ourselves, and just time to watch the play that the children had worked so hard to produce.

Then one of the counsellors introduced Vicki—a charming young lady of about 11 or 12—with beautiful eyes, and she joined us. She didn't say a word, just sat there and watched the goings-on, un-

til we picked a daisy from the table and put it behind her ear.

Then pretty soon, after a couple of glasses of milk, some cookies, and a little bit of looking-over, we were talking together. And then we were joined by Vicki's brother and Terry, who had a BIG Hawaiian hat, and Freddy, who's the cutest little guy you ever saw (he wanted to box) and Sue, who was busy serving milk by the gallon.

And suddenly it was a party . . . almost. Not quite, because you know that it will all end tomorrow, but for a while it was a real party.

The counsellors, who did a wonderful job, were always in the background to help out, but they never interfered with the children, because it was their party.

We were shown the tree, where each child had pinned a leaf on which he had written his Thanksgiving thoughts . . . ("I'm thankful for the courage to go on living . . . thankful that I have a Lord . . . thankful for the roof over my head.")

Then it occurred to us that these children, who apparently had so little to be thankful for, were the most thankful of all. They showed that they appreciated the simplest thing in life, yet sometimes the hardest thing to find . . . love.

For some of them, it is going to be very hard to trust and love as they grow up . . . for others it will be easier. But all of them have learned the hard way the value of love and consideration, and all of them will be most thankful all of their lives for any little bit of it that they can find in any place or in any person.

And we were most thankful of all for the chance to be Vicki's guest for Thanksgiving . . . and learn from her why we should be thankful.

TEENAGER SPEAKS

Dear Editor:

I am writing in regard to your articles dealing with the current problem of juvenile delinquency. Delinquency is higher than ever right now. You said the potential is present but this potential is being exercised to a great extent today.

One tract of the problem lies in the school. The spirit, I believe, is very low in the senior and junior classes at Acalanes High School.

IF A PERSON does a good deal of school work is tagged with a term "socialite" or so. There are social groups at school which are in constant conflict with the administration over the state law which outlaws high school fraternities.

These clubs have done a lot of trouble; I know because I belonged to one that has been in the community for many years. But now it is different; this one club has wanted to do philanthropic work.

They are considering CARE or other such organizations of good will. These clubs are going to definitely have to be considered before the problems can be beat.

THE SAYING of "Let's go have a few beers" is being heard more and more. Trouble with fights does lie when people congregate at eating places.

And let me say there are many fights in this community that are not reported or cared about, because it is happening in our town every week.

Maybe I should not be the one writing this letter because I have not been a little angel when it comes to the problem your newspaper is trying to stop.

NAME WITHHELD

FREEWAYS

Dear Editor:

The new connecting section between the Lafayette Bypass and the Orinda Crossroads is open and appears to be complete.

Evidently everything has been thought through — except letting the drivers know what the speed limit is supposed to be.

On eastbound traffic there is a marker about a quarter mile west of the start of the Orinda Crossroads that says 45 miles per hour. At this point the road is undivided five lanes. Then you come to the freeway section — six lanes divided. There is no "End 45 Mile Zone" sign or anything else.

Don't tell me that all this money was spent to put in a 45 mile per hour highway? And just after the state voted a 65 mile per hour limit at the last session.

Perhaps if we had spent a bit more we could have built a 35 mile per hour freeway.

FLUORIDATION

Dear Editor:

I read your editorial in recent Sun on the issue of fluoridation.

Your theme was that a vote on a matter of mass medication was silly, and that those in authority should arbitrarily give all of us medicine prescribed by the so-called experts.

My sentiments in that respect are expressed in the following jingle:

More and more we are told
Just what we can do
When, where and how much
By the "expert" few.

How much we can earn
For when we are old
How much we must pay
And what we can hold

And what we can grow
And what we can reap
And who to believe
As if we were sheep.

"Experts" take care of us
From birth till we're dead
We only must promise
To not use our head.

Now they do tell us
What we must drink
It won't be too long
We'll be told what to think

They'd fluoridate our water
No "freedom of choice"
We must just listen
To the "experts" loud voice.

"Who do you believe?"
That shout in great glee,
"Don't think for yourself
Just listen to me."

Under The Sun Question: Do Parents Train Kids to Smoke?

By HERMAN SILVERMAN

Do your high school youngsters smoke?

If they are now young, will your kids smoke when they go to high school?

The answer: it partially depends upon whether mom and/or dad smoke?

A recent study of high school students in Portland, Oregon, was undertaken by the American Cancer Society. The survey showed that about one-fourth of the 11,060 boys and more than one-eighth of the 10,920 girls are smokers.

When mom and dad smoke . . .

The percentage of smokers was highest in families in which both the father and mother smoked. Under such conditions, 31.9 per cent of the boys and 18.5 per cent of the girls were regular smokers.

When neither parent smoked, the corresponding percentages were 16.2 and 6.8.

Decidedly fewer smokers were found among children of the best educated parents. These studies are part of a research project designed to reveal the factors that cause some persons to be heavy smokers.

The amazing aspect of the cigarette-cancer controversy is that more cigarettes are being smoked now than ever before. It's amazing in the light of the tremendous, almost conclusive weight of evidence that smoking is the main cause of the rising rate of lung cancer.

Hear ye! Hear ye!

Did you read the newest warning from the U.S. Public Health Service?

Surgeon General Leroy Burney's statement, in an article in the Journal of the American Medical Association, was the government's strongest statement linking smoking and cancer. Burney said it was based partly on new evidence.

The warning immediately was attacked by tobacco interests as a rehash of old statistics.

After reviewing the evidence in detail, Burney said the Public Health Service believes the following statements justified:

- The weight of evidence at present implicates smoking as the chief cause of the increase in lung cancer.
- Cigarette smoking particularly is associated with an increased chance of developing lung cancer.

It's never too late

• Stopping cigarette smoking, even after long exposure, is beneficial.

• No method of treating tobacco or filtering the smoke has been shown effective in materially reducing the hazard of lung cancer.

• The nonsmoker has a lower incidence of lung cancer than the smoker in all controlled studies.

The real solution

• Persons who have never smoked at all have the best chance of escaping lung cancer.

• Unless the use of tobacco can be made safe, an individual's risk of lung cancer can best be reduced by cutting off smoking.

It's rather difficult arguing with these statements, isn't it?

What do you think?

PUBLICITY

Dear Editor:

Congratulations to you and your staff for recognizing the need for a publicity workshop. The booklet you had prepared humorously covered all the essentials for our "amateur efforts," and the list of resource books is an invaluable aid.

Following your advice, reading the booklet and doing a little research reading, I am now sure that even a trip to the grocery store could sound exciting and imaginative.

Like the inevitable ripples from a small pebble thrown into the water, we thought you would like to know you also sparked our thinking. Our public relations committee made plans today to institute a similar program for troop scribbles, whose duty it is to relay troop information to an area publicity chairman.

Our workshop will be conducted for intermediate and senior Girl Scouts during the second week in January.

Thank you for the knowledge and information that we now feel we can share with others.

Israeli Judge To Speak Here

Judge Elias Tawfig Kteilly of Israel will be featured at a public program at 8 o'clock tonight in the Hillcrest Congregational Church, Pleasant Hill, under the joint sponsorship of the churches of Central Contra Costa County and the Contra Costa Jewish Community Center.

Judge Kteilly, who is visiting this country under the auspices of the United Nations, is secretary and legal advisor to the administrator of Galilee in Israel.

HE HAS BEEN active in the organization of Arab village councils and in securing the adoption of laws to meet the needs of the Arab.

The son of an old Palestinian family of the Greek Orthodox community and a member of the YMCA and the Israel Free Masons, Judge Kteilly will discuss "The Christian Arab Community in Israel."

Dr. Abbott Book, former director of the Council of Churches, will open the meeting with the invocation and Rabbi David Robins of the Contra Costa Jewish Community Center will deliver the benediction.

Joe DeRosa Is Chairman Of 1960 March of Dimes

Joe De Rosa, Concord postmaster since 1944, has been named chairman of the 1960 March of Dimes for Contra Costa County. De Rosa's appointment was announced by Phil Johnson of Richmond, chairman of the executive committee for the Contra Costa Chapter of the National Foundation.

De Rosa is a member of a pioneer Contra Costa County family, and has been active in community affairs since 1925, when he was elected a Concord councilman at the age of 21. He served in that capacity until 1942, and was mayor during 1936-37.

His civic career parallels that of his pioneer father, the late Joseph De Rosa, who operated the old Concord hotel, and was Concord councilman from 1908 until his death in 1917.

The March of Dimes chairman was born in Concord in 1904, was graduated from Mt. Diablo High School, and attended St. Mary's

College for one semester. He is master since 1944, has been a leader in Elks Lodge affairs, named chairman of the 1960 March of Dimes for Contra Costa County of Pittsburgh Lodge 1474 in 1931, and of his present affiliate, Concord Lodge 1444 in 1956.

De Rosa is past president of the Contra Costa County Postmasters' Association, and of Contra Costa County Elks Association. He is likewise affiliated with IDES, Redman Lodge 171, and the Oakland Knights of Columbus.

His interest in the problems of the polio paralytic, he states, was stimulated by vivid memories of a childhood injury which left him temporarily paralyzed and bedridden for two years.

De Rosa and his wife Isabel, parents of four children, reside at 3801 Mt. Diablo Road, Concord. Mrs. De Rosa is past president of the Concord Woman's Club, school teacher, and the AAUW. She is active in the Salvation Army.

Two Smart New Stores Open on Petticoat Lane....

Ribbon Ceremonies Held For Two Specialty Stores

Walnut Creek city officials participated yesterday in the ribbon cutting ceremony for two new shops in Petticoat Lane, located just east of Walnut Bowl.

Newcomers are the Village Shoe Rack, which has sister shops for ladies in both San Francisco and Oakland, and the Danish House, which features Scandinavian contemporary gifts or high style.

The Village Shoe Rack is owned by Ervin Hopping who also owns quality shops on Maiden Lane, San Francisco, and Broadway, Oakland.

IT WILL STOCK the very finest of ladies' shoes, including Andrew Geller, Gamins, Hoppies, and others.

Said Hopping, "We know we will be able to bring the experience developed in our other shops to Walnut Creek; and offer the best in service and product."

The Village Shoe Rack is located at No. 2, Petticoat Lane. The ribbon cutting also honored the Danish House at No. 8 Petticoat Lane, which recently opened, and offers a top line of gifts imported from Norway, Sweden, Finland and Denmark.

PATRONS WERE treated to dazzling displays of crystal, stemware, ceramics, teak, stainless steel and pewter.

Owner is Gordon Coats, who will be assisted by his wife, Patricia.

He formerly was in merchandising in Cuba, and moved to the United States about a year ago. His home is in Alamo.

"We located here because there is a wonderful potential in this area," Coats commented.

Petticoat Lane Known To Quality Shoppers

With the opening of two new stores, Petticoat Lane, Walnut Creek, is becoming known as a quality area, offering quality products and services.

There are other areas on the peninsula where exclusive shops offering the ultimate in their line are located in convenient clusters, and it is hoped that Petticoat Lane can bring this atmosphere and convenience to the Walnut Creek area, said Gordon Coats, owner of the new Danish House.

Petticoat Lane, developed by John Enslow, started with Ralph, Tony and Owen Beauty Salon and Irene Thies for women's apparel and fashions, added Jo Ann's and Mort Wallin's men's clothing.

A STRONG following was attracted by these four stores alone.

Now comes the new Village Shoe Rack owned by Ervin Hopping and Coats' Danish House with Scandinavian contemporary gifts.

The full development of Petticoat Lane will see more shops with specialties which will attract the attention of the very discriminating, Enslow said.

Located just west of South Main Street, it is easily accessible, and has ample parking.

IT GIVES THE effect of being away from the usual hustle and bustle of the crowds, allowing time for contemplation and relaxation.

The Petticoat Lane of today has a lot to offer the Walnut Creek Shopper today.

It will be the jewel of the magnificent Walnut Creek Shopping area in the future, Enslow has predicted.

Campfire Girls, District 3, to Pick Officers

A slate of new officers will be presented.

The perpetual trophy will be awarded to the group having the greatest number of parents present. Hazel Fogg's group, Hi He Ya Ha Ha, will present the colors. Eleanor Rusley's group, We He Ah Ne, Katherine McDuffie's group, Ya Da Ka E, and June Thompson's group, the Happiness Bluebirds will lead the caroling. Betty Hickman's group, On E Ka Wa, will present a skit and Vera Henry's group, Ta Wan Ka Han, will close with an appropriate Christmas council fire.

Elementary education consultants from the school districts heard Mrs. Ruth Edmonds, publishing firm representative, speak on special textbooks for slow readers.

The group met at the Court House, Martinez, yesterday, announced Dr. Francis G. Burke, director of educational services.

Cancer Survey Leaders Are Selected

Group leaders in the American Cancer Society's living habits study in Contra Costa County were announced today.

A call was made for volunteers among families eligible for the survey to determine why some persons are more likely to get cancer than others.

Families who may participate in the six-year survey, part of the largest medical statistical study ever attempted, must have one member at least 45 years of age, Mrs. John Selley, county chairman, said today.

MRS. SELLEY assured all those desiring to participate in the survey that the interviews will be confidential and that the interviewed families will seal their own reports before mailing to New York City for impersonal statistical evaluation.

Families wishing to make this contribution may register now with Mrs. Selley, at 2114 San Miguel Drive, Walnut Creek.

Volunteer researchers, without whom the giant project would be impossible because of cost, also are needed in some areas, she said.

Group leaders in the survey: **IN ORINDA**, Mrs. James Moriarity, 80 La Cuesta Road, Mrs. Andrew Hartanov, 151 Camino Don Miguel, and assistant Mrs. William W. Lincoln, 2 Kittiwake Road, Mrs. Frank Lorenz, 1 Meadow Lands Court, and Mrs. R. Kilner, 125 Lombard Lane. **In Lafayette**, Mrs. Fred Stillings, 1080 Serrano Court, Mrs.

Dorothy Mutnick, 755 Glenside Drive, Mrs. Marshall Steel, Jr., 1266 Upper Happy Valley Road, Mrs. Harold Paige, 1212 Monticello.

Education Board To Adopt Policies On Wednesday

Policies and procedures will be adopted by the Contra Costa County Board of Education at its next meeting Wednesday at 9 a.m. in the office of the county superintendent, Martinez.

A statement embodying the policies and procedures was given its final form by the board November 25 at its first evening meeting since the lay board was instituted nearly four years ago.

The statement covers the board's own organization, confirmation of appointments to school boards and coordination of the educational program — prescribing and enforcing the course of study in elementary districts, instructional materials, special education, credentials, in-service training and purchasing of school supplies.

At its special meeting the board also approved an agreement between the office of the county superintendent and the Walnut Creek District whereby the latter will provide classes for mentally retarded children from the neighboring Alamo District.

The county office is responsible for educating mentally retarded children in districts under 900 attendance, such as Alamo, but in lieu of a county special class in the area is delegating the responsibility to Walnut Creek.

Art Gallery Brings Best Works Here

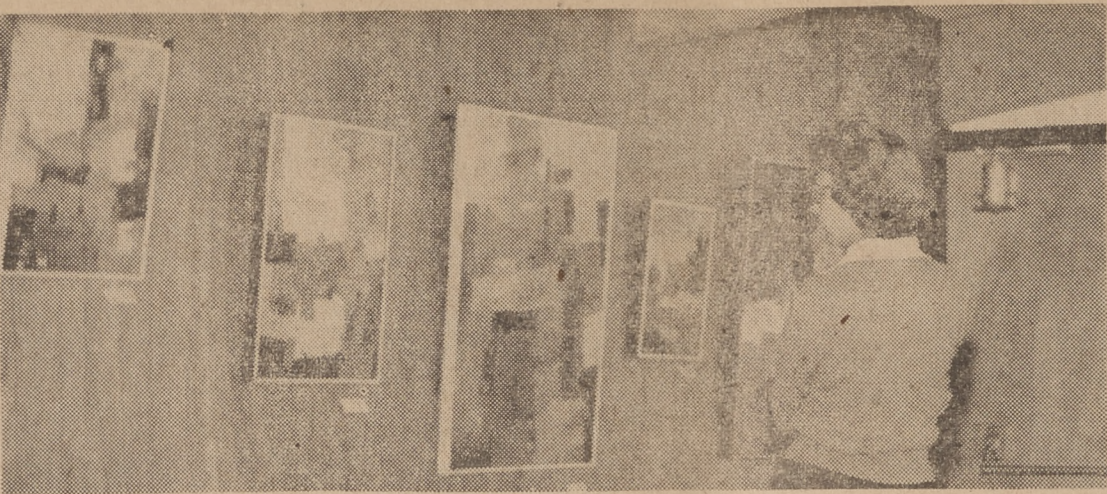

A small art gallery, located in the San Miguel Swim Club's main building in the Eichler subdivision, Walnut Creek, is designed to bring art treasures equal to those shown in San Francisco and Oakland to mid-county residents.

Although the gallery is open to the public, the work in creating it fell mainly to Linda Schwindeman, Baya Rocklin and other club members, with a strong assist from the Diablo Pageant of Arts Society.

With the Society's help, they obtained the paintings of University of California Art Professor James McCray for display during the last two weeks.

AND OTHER displays, on a par with McCray's award-winning paintings, will be shown in the future.

In the intervals, a permanent gallery will display local artists' works, and the public will be able to visit the gallery, beginning December 13, on Sunday afternoons from 2 to 4:30 p.m. Mrs. Schwindeman said, "Most of our most prominent Bay Area

A BIG CITY FEATURE offered to guests at the Rancho San Miguel Swim Club is its gallery, decked with works of art like those of Professor James McCray shown last week. artists, some of them with national reputations, are actually neighbors of ours here in Contra Costa County.

"Yet in order to see any of their works one had to go to Oakland, Richmond and San Francisco."

THERE HAS been a need for a local gallery, and we feel this will help fill that need."

The 25 cent admission will cover costs only. The permanent exhibit will

change periodically, and initially will include paintings and sketches from recent exhibits which were part of the Walnut Festival.

Shoes, Ham...All Help for Families...

A new pair of shoes that fit or a sweater that is really their own to wear to school will bring delight to some small child or teenager this Christmas. A big canned ham for the whole family's Christmas dinner—with leftovers for a few more suppers—will help the food budget.

Money collected by the Christmas Bureau of Central Contra Costa County is used for these items. The bureau has provided Christmas dinners, shoes, sweaters and toys for needy families in the county for the last 10 years, according to Mrs. James Morris of Lafayette, this year's chairman.

"WE WILL NEED money this year from organizations and individuals to buy hams, shoe and sweater merchandise orders to take care of the 70 families registered with us. Any group or person wishing to help is urgently requested to send their contribution to The Christmas Bureau, c/o Volunteer Bureau, 2030 North Main, Walnut Creek," stated Mrs. Morris.

"Our function is to act as a clearing house for Christmas giving; our aim is to provide Christmas dinner and gifts for the children in every underprivileged family that is not being reached by any other source."

The Christmas Bureau works closely with the County Welfare Department, American Red Cross, Salvation Army and school nurses to find the families and verify their need for assistance.

Trees Can Be Basic for Enhancing Perfect Lawns

The picture of a perfect lawn to us is one that contains two basic elements: grass and trees. Not that you can't have a fine lawn with grass alone, but the addition of one or more trees often breaks up the rectangular effect and enhances the setting.

Choosing the right tree for your lawn is as important as choosing the right kind of lawn seed. Modern landscape practice — and members of the California Association of Nurserymen go along with this — dictates the planting of small to medium size trees that will not overpower the landscape.

A FAVORITE for this reason is the European white birch. This white-barked deciduous tree is more effectively planted in groups of three at four to six feet apart. Growth is slender and graceful, the pendulous branches having a light, airy look about them.

You can search a long way before finding a better lawn tree than the sweet gum. This is a real journeyman in California gardens, a specimen tree that takes to the foreground or background with equal success.

It is one of the few that really colors up in mild winter sections

before dropping its leaves. Growth is tall, moderate. Leaves are maple-like and attractive spring through fall.

AMONG THE evergreens for lawn planting, we can't say enough for the modest St. Mary's magnolia. This one is a small counterpart of the magnificent southern magnolia — better in every way for use in most gardens.

Leaves are glossy deep green on top, rust colored underneath. The blooms are larger than those of southern magnolia—10 to 12 inches in diameter.

For the gardener who would experiment, C.A.N. suggests any number of possibilities such as conifers and even some large shrubs to substitute for trees. If you come up with an idea of your own, check in with your nearest C.A.N. nurseryman to make sure it would work before you try it out.

In a survey of 22,000 underfed school children in Guatemala, CARE found that two-thirds had never tasted milk at home. You can help provide a glass of milk every day for these children, by contributing to the CARE Food Crusade, 444 Market Street, San Francisco.

Arts Alliance to Raise Funds by Brunch, Cards

A newly organized group, the Diablo Pageant of Arts Alliance, will further "arts" in the community, act as host for the Diablo Pageant of Arts held annually over Memorial Day in Walnut Creek and assist in raising funds to offset expenses of this Pageant.

Its first fund raising event will be next Friday. Friends and others in the community are invited to attend the holiday inspired morning of art, brunch, and cards.

At 10:30, brunch will be served at decorated card tables in the Walnut Creek Womens Club.

Members have been busy making place mats in tree and bell

shapes of red and green to be used on white tablecloths.

Centering each table will be adorable white popcorn trees decorated with Christmas ornaments.

Temporary officers of the Art Alliance are Mrs. Fred Sanders, chairman; Mrs. Thomas Hasper, secretary; and Mrs. A. Winfield Young, treasurer.

Plans are also now being made for a Christmas social on the evening of December 17 at the home of Mrs. Robert Williams.

Eight other young women are being invited as guests. Their charter will close with 25 members.

Miramonte Jamboree: Great Cage Show

By ERWIN MATTSON

If you are a basketball fan and interested in the Foothill Division you have a good opportunity to see all five clubs in action next weekend, Friday and Saturday, December 11 and 12, for those are the dates of the Miramonte Jamboree in which all Foothill Division teams will take part.

Each team meets every other team in 20-minute games over the two nights of play. The score is kept by subtracting the points scored against a club from the points scored by a club. Then it can be a plus or minus as the case may be.

ALL CLUBS in the circuit appear to be strong and a keen pennant race looms high on the horizon.

This will be a preview as coaches will use many players in the two nights of play.

Piedmont was the division's weak member last year but Coach Bob Cope came up with some surprise plays during the season. In two outings to date his club has impressed and have already served notice that they won't be anyone's setup.

THE AMAZING THING in looking over the various team rosters is the number of six foot or better players on each and every team.

Every club has several on hand. It is surely a changed picture

from the not too distant past when six footers were few in number. Acalanes takes to the road for several of their home games. It won't be far, just to the gym of nearby Del Valle, which holds far more than the Acalanes crackerbox.

THE DONS ARE PLAYING some top teams and an agreement was reached so as to play the games at Del Valle which will enable a good number of spectators to see the games.

Del Valle incidentally has a fine school plant and mark it down in your little black book that they will become a good athletic school. Jerry Bellon did a fine job with frosh football and they really came fast at the season's end as they defeated Piedmont and San Ramon to wind up a successful first year.

DEL VALLE has only frosh this year but plan to enter varsity competition in 1962 when they have their first junior class.

North Pleasant Hill High School will be a new addition to the Contra Costa Division next year when they have all but seniors as they start off with a three year school.

The word is that they will compete on a varsity basis in all sports with the exception of football.

BEE BASKETBALL PLAYERS were weighed and measured last Tuesday. Players are rated on an exponent basis with points for age,

height and weight. One problem that always comes up is that of players trying to get their weight down in order to make Bee classification.

Notice is given in individual schools the night before the weigh-in so there is a late opportunity for drastic reduction. Some feel that it would be better to have frosh-soph teams in sports rather than exponent classifications.

Each system has its merits along with its injustices. No one system can achieve perfection and in the end it all comes down to the vote of the majority.

THE ACALANES HIGH SCHOOL District is in the 20th year of existence and one can't help but wonder if the growth of the next 20 years will match that since 1940.

In 1940 Acalanes was the only high school in the Acalanes High School area and had less than 400 pupils. Today there are four high schools of more than 1000, Acalanes, Las Lomas and Miramonte along with Del Valle, which will be close to a thousand in another three years plus a new school out near Rheem center.

Pleasant Hill was a small school not long ago, today they are more than 1800, the largest in the Diablo Valley League.

It makes you wonder just what the next 20 years will bring!

Miramonte Matmen Make Merry; Wolves Walloped

Coach Bob Brooks of Miramonte put his matmen into action last Tuesday afternoon and came up with a 26-26 draw with the Clayton Valley Eagles furnishing the opposition.

The Mats, trailing 26-21 going into the final heavyweight match, found Buddy Boeger coming through for the visitors when he tossed Clayton Valley's Ron Wilbur in the second round to knot the count at 26 all.

Other match results: 103 Cannon (m) pinned Lawrence (c.v.); 112 Vaughn (c.v.) pinned Hauer (m) second round; 120 Matheson (c.v.) pinned Clark (m) second round; 127 Wilmar (m) dec Misenheimer (c.v.) 6-2; 133 Shattling (c.v.) dec Ward (m) 6-2; 138 Thrailkill (m) dec Towers (c.v.) 10-6; 145 Paige (c.v.) pinned Kent (m) second round; 154 Pfeiffer (m) pinned Cosme (c.v.) third round; 165 Dishong (m) pinned Coske (m) first round; 175 Joseph (c.v.) pinned Clark (m) first round; 191 Clements (c.v.) dec Brooks (m) 6-2; Hyv. Boeger (m) pinned Wilbur (c.v.) second round.

The Diablo Red Devils proved to be tough hosts last Tuesday afternoon when they defeated the San Ramon team, 41-12.

San Ramon's feature win came across the world.

Mats, Knights Lose; Dons Squeak by

Knights Drop 2 In League Debut To Valley Eagles

The Las Lomas Knights wound up on the short end of the score in their opener when the varsity dropped a 55-46 decision to Clayton Valley while the Bees lost a 38-32 decision.

In the varsity fray the Knights started off in good form as they forged to a 16-8 first period advantage. At this point Coach Bob See sent his Eagles out in a pressing defense that caught the Knights short and the Lomas five trailed 26-22 at the half as a result.

THE KNIGHTS closed the gap to 38-36 at the end of the third quarter only to have Clayton Valley pull away in the final canto for the 55-46 win.

Clayton Valley guard Bob Ewing was tops in scoring with 23 points on 7 field goals and 9 free throws while Tom Nichols with 21 (7 field goals, 7 free throws) and Bob Nye with 11 (5 field goals, 1 free throw) were the Knights' best.

In the Bee game it was down to the wire as both clubs were knotted at 11 all at the half before Clayton Valley pulled away to the 38-32 win. Rick Scott, a guard, paced the Knights with 11 points.

Dons Edge Vallejo 5 In 25-24 Go

The Vallejo Apaches, rated as one of the better fives in the Bay Area, came to Lafayette last Tuesday afternoon and while the Papooses got a scalp by a two-point margin, the varsity was scalped by a one-point edge, 25-24 to be exact.

The varsity game found both fives playing steady, deliberate ball with set offenses and sturdy man-to-man defensive setups that accounted for the low score.

VALLEJO HELD an 8-7 first quarter advantage only to have Acalanes come back to take a 17-14 advantage at the half. The Dons held on to keep the three-point advantage as they were still in front 23-17 at the end of the third quarter.

Acalanes was in front 23-22 with a minute and a half on the clock when guard Dave Stegman hit from 15 feet out. The Acalanes team found themselves in hot water when Vallejo hit close in with 33 seconds to go after missing a four shot earlier that brought the count to 25-24 and that's the way it ended when time ran out as Acalanes pulled ball control.

Top point getter for Acalanes was Mel Simpson with 14 while Ray Tohey paced Vallejo with 9.

IN THE BEE game the clubs were cold at the loop in the first half as Vallejo wound up with a 5-4 half time lead and then went on to win 25-23.

Matador Victim Of Cougar Quint, Babes Take Tilt

Coach Herb Graw made his Miramonte varsity basketball debut last Tuesday afternoon and while his charges dropped a 42-28 decision to the Albany Cougars he felt that both he and his players got a lot out of the game.

Coach Graw used 12 players in the contest and substituted freely in order to observe how various units worked. It was an even-temper first quarter as each quintet wound up with 10 points.

ALBANY JUMPED to a lead never to be headed in the second quarter as they pushed 13 points through the loop while Miramonte hit but one free throw—that by Welch.

Albany forged to a 33-18 third quarter advantage while in the final frame with reserves taking over for the most part. The Matadors outscored the home club 10-9.

Olson, playing at left guard for the winners, bagged individual scoring honors with 13 points on six field goals and a free throw, while center Jack Gilbert was not far behind for Miramonte getting 12 points (5 field goals, 2 free throws).

MIRAMONTE hit on 60 per cent of their free throws with 6 for 10 while Albany had 62 per cent on 8 for 13.

47-41 Win by San Ramon

The San Ramon Bees dropped a 40-25 decision to a classy Alhambra five last Tuesday afternoon but the San Ramon Wolves turned the tables when they copped a 47-41 win.

The story was really told on the boards where San Ramon took 47 to Alhambra's 33 with 6 foot 8 inch Jack Stevens getting 18 and teammate Brian Hansen 12.

SAN RAMON was also sharper from the floor hitting 19 for 59, while Alhambra had 12 for 44.

Quarter tallies found San Ramon ahead 13-12, 29-24, 35-29 and the final 47-41.

Three San Ramon players hit in double digits with guard Stuart White getting 14 (4 and 6), guard Dick Needham 13 (4 field goals, 5 free throws) and forward Wayne Forsell hitting 12 points (5 field goals, 2 free throws).

Alhambra's best was guard Larry Knapps 14 (4 field goals, 6 free throws).

Cliff Kelly Rolls 269 Tilt In 621 Series to Nab Win

Cliff Kelly, carrying a 171 average, rolled a 269 game, high for the season at Monument Bowl, and a 621 series to lead the first-place Monument team to a 3-1 win over Sutherland Construction Company in the Blue Monday 800 League.

HARDLUCK 750 HANDICAP Kaiser Sand and Gravel, led by George Phillips' 217 and Ed Gloria's 507, posted a new high team game of 916. First place Pepsi Cola took three points from Alamo Pools and runnerup Willert-Henriksen won by the same margin over Wilbur's Bus Service.

DIABLO 760 HANDICAP Jerry Roberts rolled a high 549 series but his team managed to win only one point from third-place Hendrick Piano. The leading Walnut Creek Native Sons and runnerup O'Hara Trophies defeated Diamond Building Material and Sons of Norway, respectively, both 3-1. Russ Benson, Adler Tires, had a 210.

HAS BEEN TRIO Leading the action were Jim Sutherland, Xavier Shoe Shop, with a 520 series, and John Lewis, A Shop for Bowlers, with a 521 game. First place Toro Imports swept four points from Anderson and Wood Insurance.

MADCAPS Joyce Breitweiser of first place Seller's Signs (33-11) had a 189 game and Wally Waldrep of runnerup Herb's Motorwear (31-13) posted a 507 series.

PIN PALS Estates Cleaners held the lead by taking three games from Stan's Shell Service despite Rita Lang's high 180 for the losers. Alamo Pharmacy bumped runnerup Senior's Junior Boot Shop, 4-0, and Navlet's moved into third by taking three from Sid's Hofbrau.

TUESDAY TRIO Three 2-2 games were posted as Anderson-Wood Insurance played Bay Area Stations, Mirror of Beauty met Pepsi Cola and Quaker House opposed Krul's Hobby Shop. Quaker's Betty Wakeman had a 194.

JUNIORS A 215 game by Bob Cantrell, a 174 average bowler, and a 521 series by Bob Hull were the standout scores in the under-19-year-old competition.

Pleasant Hill Grapplers Rated Over Acalanes

Wrestling gets plenty of play this week and next with all teams pairing up for matches.

Pleasant Hill opened at Castro Valley last Tuesday and meets up with Acalanes at Pleasant Hill this afternoon.

THE RAMS HAVE a veteran team and figure to give Castro Valley, last year's Northern California champs, a good go and rate a definite edge over the Acalanes Dons who will be in their season's opener.

Next week the Rams grapple with Antioch on Wednesday and then wind up with a three-way meet with Miramonte and Pittsburg on Friday, December 11. Both meets are set for 4 p.m. at Pleasant Hill.

Acalanes has a pair of matches on top next week facing Hayward High on Tuesday at Acalanes and winding up by traveling to Daly City to meet Westmoor High School on Thursday, December 10.

MIRAMONTE OPENED last Tuesday at Clayton Valley and again next Tuesday at Pittsburg and finishes out the week on Friday, December 11 in the Pleasant Hill Triangular with Pittsburg the third club.

San Ramon made their mat debut last Tuesday at Diablo and have their first home meet with Tennyson High of Hayward this afternoon.

Next week's meet finds the Wolves hosting Antioch in another 4 p.m. match.

Las Lomas defeated the California School for the Blind last week and goes to the post again when they travel to Clayton Valley. The Clayton Valley Eagles have a veteran team and figure to be tough to beat.

Tuesday finds Las Lomas meeting McClymonds of Oakland in what should be another top flight match.

State Forests Are Critical, Emergency Actions Taken

Declaring that unusual fire hazard conditions exist throughout California, Director of Natural Resources, DeWitt Nelson, by proclamation today, extended the period during which a written permit from the State Forester is required to burn inflammable material or use explosives on forest, brush, or grass-covered land.

State law requires a written permit to burn inflammable material on forest, brush, or grass-covered land between April 15 and December 1. The Director of Natural Resources is empowered under the law to extend this period when unusual fire hazards exist.

The Director's proclamation contained in an order adopted as Section 1200 of Title 14, California Administrative Code, in part reads:

"By authority of Section 4153 of the Public Resources Code, it is hereby declared that there exists unusual fire hazard conditions in and throughout the State of California; and it is further declared that such unusual fire hazard conditions shall extend beyond December 1, 1959, and until such time as this order is repealed.

"By reason of this order no person shall burn brush, stumps, logs, fallen timber, fallows, slash

or grass, or forest-covered land, or other inflammable material; or blast with dynamite, powder, or other explosives; or set off fireworks of any kind in forest, fallows, grass, or brush-covered land, either on his own land or the property of another, unless such burning or use of explosives is done in strict accordance with the terms of a written permit from the State Forester or his duly authorized agent and as permitted by law."

The proclamation was adopted as an emergency measure and became effective Monday when it was filed with the Secretary of State.

Clarification of State Laws on Antlerless Deer Hunt

At the present time there are three methods under the law by which antlerless, or either-sex, deer hunts can be set by the fish and game commission.

The most important is the so-called "Busch Bill" passed in the 1957 session of the legislature. Most deer hunts are now held under this law, which covers sections 450-462 of the fish and game code.

THE BUSCH BILL directed the department of fish and game to designate deer herd management units with unit managers. This has been done, with 114 deer sub-units under 34 unit managers being established.

The Busch bill also requires the department of fish and game to report to the fish and game commission prior to its May meeting on the condition of each management unit and to recommend any antlerless hunts that the facts indicate should be ordered. The commission shall then make such material known to the public.

A date for a public hearing in the county seat of each county affected must be set at the May commission meeting for each antlerless hunt proposal to be followed through on.

This is to provide full opportunity for local people to officially record their feelings about the proposed hunt. The hearings must be held at least 21 days after the May commission meeting, and prior local publicity must be given to them. Each county board of supervisors must also be notified of each hearing in their county.

AFTER EACH hearing, the local board of supervisors has 15 days in which to object to or modify the proposed commission orders for the deer hunt.

The commission must then meet on the last Monday in July to take final action on the hunt proposals. If a board of supervisors has objected to a proposed hunt in their county, the commission shall not authorize the hunt.

If a board of supervisors has requested a modification, the commission shall either adopt such modification or shall not authorize the hunt.

Due to restrictions in the Busch bill, certain types of deer hunts cannot be held under that law.

For example, buck hunting during the general deer season may not be regulated under the Busch bill.

The Mineral King deer hunt which must be for deer of either

sex during the general season in order to effect control of deer and alleviate range damage in this otherwise inviolate refuge, therefore, could not be held under the Busch bill.

ANOTHER EXAMPLE is the Camp Pendleton deer hunt which has been held for several years to control deer numbers and range damage. This hunt is entirely on the Camp Pendleton Marine Corps Base and must be for military personnel only. It cannot be held under the Busch bill unless permits are available to the general public.

By necessity then, both the Mineral King and Camp Pendleton deer hunts have been held under another law, the requirements of which they do meet.

This is entitled "Special Seasons" and covers sections 325-329 of the fish and game code. This law is much less restrictive than the Busch bill, but does require that its use for deer hunts be enacted only when there is damage to public or private property.

HUNT PROPOSALS under this law may be presented to the commission at any meeting and may be made by anyone, instead of just the department as under the Busch bill.

A public hearing shall be held at each county seat affected no sooner than 21 days after the commission meeting at which the hearing is announced, and it shall be publicized locally. After the hearing, the commission may adopt such regulations as it sees fit, or may abandon the proposal.

In the 1957 session of the legislature the Teale bill, section 4187 of the fish and game code, was enacted. This law makes it possible to hold public deer hunts to take deer causing depredations on private property on fairly short notice.

PRIOR TO THE passing of this law, a landowner suffering deer damage had to, and still can, obtain a killing permit from the department of fish and game and kill the deer himself, or have his employees or family do it.

Under a killing permit, the carcasses have to be turned over to the fish and game field man for disposal to charitable institutions.

Under the Teale bill the landowner can request the commission to order a depredation deer hunt to control the damage in lieu of taking out a killing permit.

No public hearing is required and permits must be made available first-come, first-served

A Most Happy Fellow: the Head Ram

Art Poulin is the type of a coach that everyone has a good word for.

Cooperative and friendly, he does a good job at whatever he turns his hand to and seems to always be having a good time doing it.

Art, as he is more familiarly known by his many friends, came to the county by way of the City having attended Washington High School in San Francisco where he prepped and played lightweight basketball.

HE ENTERED the University of California in 1940 and as he said, "It took me eight years to finish, getting out in 1948."

The explanation is that it wasn't trouble with studies that held him up but rather a date with Uncle Sam. Uncle Sam's Army, to be precise, from 1943-1946.

While at Cal he played water polo for four years as well as doing a year on the swimming team.

In 1946 while working at Russian River he met a Miss Nalda Marston who became Mrs. Arthur Poulin in August of 1947.

In 1949 **HE TOOK** his first coaching job at Coalinga where he coached the junior college basketball team in the fall and the high school baseball and swimming team in the spring.

In 1951 he came to the local area as a physical education instructor and coach at Mt. Diablo High School in Concord.

While there, he coached the Bee basketball team, winning the league title in his second year

ART POULIN, RAM MENTOR

and the following season took over as the varsity mentor.

PLEASANT HILL High opened in 1953 and Art was put in as head of the athletic and physical education departments. While there he has also been head basketball and swimming coach and has come up with some fine teams in both sports.

He lives with his wife Nalda and their five children at 5193 Myrtle Drive in Pleasant Hill. The children are Nalda, age 10, Michele, age 8, Patrick, age 6, Mike, age 4, and Tom, age 3.

Bear Season Is Best in Years

Household moths will have considerably more bearskin rugs to feed on after the current bear season compared with the previous year.

Nineteen fifty-nine tags received by the department of fish and game up to November 19 showed 773 bears reported killed in the 1959 season to date, compared with 469 for the same period last year.

A final count will not be in until after the season closes on January 15, for both inland and coastal seasons, with the exception of Humboldt County, which has an open season year-round.

Basketball Has Begun

Basketball practice for all Walnut Creek school district boys, grades 4 through 8, began at the Del Valle High School gym on Saturday.

After a period of practice on Saturday mornings, the boys will form teams for league play.

Basketball is sponsored by the Walnut Creek recreation department for all area males, grade four through adult.

Boys and men wishing further information about the basketball program should contact Joe McElroy.

Area Hoop Teams Will Be Busy All Next Week

The Pleasant Hill Ram hoop squad played at Hayward last Tuesday and meet up with Livermore High in a pair of games tonight with the Bees starting things going at 7 p.m. in the Pleasant Hill gym.

Next week the Rams play Amador at home on Tuesday and then have a big weekend when they play in the Hayward Invitational on Friday and Saturday, December 11 and 12.

IN THE FOOTHILL Division San Ramon played Alhambra High of Martinez at Danville last Tuesday and this afternoon they take to the road to play St. Elizabeth's of Oakland.

Next Tuesday the Wolves play host again, this time to Arroyo High of Hayward.

Miramonte played their first game at Albany last Tuesday and their next outing is next Tuesday with Amador High of Pleasanton. Tip off time is 3:30 p.m. at the Miramonte gym.

ACALANES PLAYED THE Vallejo preps last Tuesday at Acalanes and play this afternoon at El Cerrito in a 3:30 p.m. game.

Game number three for the Dons comes next Monday as they play Polytechnic at San Francisco, 8:30 p.m.

The weekend play finds the five members of the Foothill Division taking part in the Miramonte Jamboree in which each team meets every other team in a 20-minute game consisting of two 10-minute halves.

GAMES WILL BE played Friday and Saturday nights December 11 and 12 starting at 6:30 p.m. The winner will be based on a points scored minus the points scored against a team. On this basis a team can have a plus or minus tally, the largest plus tally winning.

An all star team is picked and suitable trophies presented as well as an award to the top team and the runner up.

Concordia Banged By Scots, 56-28

Piedmont played at home last Tuesday afternoon and posted their second win against one loss for the season when they racked up invading Concordia, 56-28.

In their opener they dropped a 40-37 decision to Albany, then came back to wax St. Josephs, 56-43.

IN LAST TUESDAY'S game the Highlanders wasted little time in going out in front taking a 13-4 first quarter lead and making it 29-9 at the halfway mark. Several Piedmont players were sidelined with the flu but Coach Bob Cope cleared the bench as he used all 10 players on hand.

Nine of the 10 hit the scoring column and two teamed up for top individual game scoring honors as Matt Wierling hit for 13 points (6 field goals, 1 free throw) and Ricky Prestwood collected his 13 on four field goals and five charity tosses.

In the Bee game Piedmont took a four point half time advantage 19-15 and finished with the same four point edge, thanks largely to the outstanding shooting of Bob Foskett who hit for 22 points (8 field goals, 6 free throws).

Skating Parties Planned by Muir

Skating parties to benefit John Muir Memorial Hospital will be held each Tuesday evening at Walnut Creek Ice Skating Rink, North Main and Crocker Road, announces Mrs. Gorrill Butler of Sierra Guild. She invites the public for these evenings of "old-fashioned family fun."

Beginning December 15, managing owners Skippy Baxter and Neil Rose are making their facilities available Tuesdays from 8 to 10:30 p.m. so that entire admission proceeds may support the new hospital.

Skating demonstrations and free group instruction are planned by Baxter and Rose.

A flat fee of 50 cents admission will be charged for both adults and children, with tickets available at the door, or from any Sierra Guild member.

Tickets are furnished by MacFarlane-Bryant Chapel of Concord, according to Mrs. Ed Losh of Walnut Creek, ticket chairman. Mrs. Louis Madsen of Walnut Creek is handling other arrangements for the weekly skating parties, which will be Sierra Guild's fund raising effort in John Muir Memorial Hospital Auxiliary's \$15,000 pledge to endow the hospital nursery.

Family Service Available in County

"Because every thoughtful citizen wants a happy, wholesome community in which to live, own property and raise children, we all welcome the recent establishment of the Family Counseling Service in Contra Costa county," said Judge Wakefield Taylor today.

"For several years at Town Hall meetings, White House Conferences, and other significant gatherings of those concerned with community welfare, the need for this sort of service has been emphasized over and over. The Counseling Service, with offices in Alamo and Richmond, is the result of careful study over a long period of what would best meet community needs," Judge Taylor explained. "It is now fully organized and has applied for acceptance as a United Bay Area Crusade agency."

Fifteen counselors, thoroughly trained, are available for appointments. They can advise on many types of problems including marital difficulties, parent-child relationships, school and behavior problems of children and adolescents, individual personal adjustment problems, and those relating to illness, old age and unemployment.

"We urge the doctors, lawyers, ministers, teachers and personnel counselors to keep this fine new service in mind," Judge Taylor concluded. "Individuals are also welcome without referral. Appointments may be arranged by calling the Contra Costa Counseling Service, YE 4-4205."

Camera Club Will Hold One Meet

The Contra Costa Camera Club will hold but one meeting in December, it was announced today by Col. Ralph E. Holmes, club president.

This will be held at 8 p.m. Wednesday in room 503, Las Lomas High School, Walnut Creek.

Richard S. Beitzel, prominent amateur photographer of Concord, will judge the monthly competitions of black and white prints and of color slides.

Any person interested in photography as a hobby is invited to attend this meeting as a guest of the club.

STAFF OF LIFE—The Greek word for bread is "Psomi." Germans call it "Brot." In Latin America, the Spanish word is "Pan." But everywhere, it's the staff of life. And to millions of needy people it's the same as saying CARE, which brings them flour to bake into bread. You give bread to the hungry when you send a contribution to the CARE Food Crusade, 444 Market Street, San Francisco.

Christmas Seal Campaign Results Good

At the end of the first week of the Christmas Seal campaign of the Contra Costa Tuberculosis and Health Association, \$10,615.72 has been contributed towards the fight against TB, it was announced today by Mrs. George Chapman of Antioch, chairman.

This is 25 per cent ahead of last year's campaign at the end of the first five days. "It is evident," said Mrs. Chapman, "that the residents of Contra Costa are aware of the tuberculosis problem in this area and are interested in the work of this association towards combatting the contagious disease."

"The Christmas Seal sale is the only source of income for the TB and Health Association," she continued.

"Many contributors are needed to carry out the health education, case-finding, research, rehabilitation, and patient services programs which are conducted all year by the association."

IN THE WINTER quarter starting January 4, driftwood and wood forms will be used with dry materials, with plants, flowers, vegetables, fruit and rocks.

'Don't Fear Federal,' School Leaders Are Told

The teacher is the key figure in the "Pursuit of Excellence in Education," but the home, school board and the school administration must contribute the conditions which will enable the teacher to teach his best.

This was the consensus of a panel of six speakers at the annual meeting of 120 school board members, school administrators and guests November 19 at Sid's, Concord.

Judge Blair Rixon of Brentwood, member of the County Board of Education, was master of ceremonies, and Dr. Charles Haworth, superintendent of Pittsburg Unified District, was panel moderator.

A NOTE OF urgency was sounded by Dr. William Page, Antioch physician and member of Antioch Unified School board.

He warned that the United States can no longer proceed in "an atmosphere of leisurely security" in view of such Russian accomplishments as Sputnik and an accelerated educational system which produced 19,000 graduates in medicine last year in contrast to 18,000 physicians in all Russia 40 years ago.

He advocated that board members forget their fear of federal control and turn to federal aid for school support.

Principal Dan Della of Clayton Valley High School commented that since education has turned from theories of memorization and mental discipline to the concept of learning through experience, the role of the teacher is more important than ever.

IT IS THE responsibility of the principal to select and place teachers wisely and to foster high faculty morale, he said.

From Mrs. Barbara Greene of Walnut Creek, speaking as a parent, the audience heard of the schools' absorption of the full burden of criticism. Part of it should rightfully be directed against the home, she said.

"Children are shaped by the home," said Mrs. Greene. She made the point that the failure of the home to teach some subjects has forced these into the schools and overburdened the curriculum.

From the teacher's viewpoint, there are several blocks to good teaching, Mrs. Mary Worthylake of Inland Valley School, Orinda, told the group.

CHIEF OF THESE: Over-sized classes, unrealistic attitude of parents toward their children's

ability, the demands of non-teaching duties on teaching time and the low esteem in which intellectual accomplishment is held.

She deplored the pressure to produce scientists at the sacrifice of other fields. "We need achievement on many levels," she said.

The professional aspect of teaching was emphasized by George E. Grisct, teacher at Ford School, Richmond.

"The teacher must have the prestige of a professional to be effective," he affirmed.

GRISCT advocated that would-be teachers be trained in special subject matter for a minimum of five years and suggested stricter certification to raise standards and federal aid to increase school income.

As the concluding speaker, 17-year-old Phil Fay of Alamo, senior at San Ramon Valley High School, proposed that guidance start in the elementary grades.

He defined a good teacher as one who transmits his own enthusiasm for learning, above all, understands the student's problems.

SHOPS AND home-making facilities should be provided for students wishing practical experience, textbooks and other tools should be up to date, and the gymnasium should be valued for the opportunity it affords for competition.

The school program itself should provide competition and a challenge to the better students, Fay said.

Dr. Haworth closed the panel discussion with the comment that after years of coping with quantity, the schools must now "think about quality and must master the problem of producing quality in volume."

NEW FREEWAYS The new Interstate System of highways now under construction will criss-cross the nation with controlled-access freeways connecting 90 per cent of all cities of 50,000 or more population, reports the California State Automobile Association.

Fire has claimed an average of 11,802 lives each year during the past eight years. Of this total an estimated 30 per cent were children. The Hartford Fire Insurance Company's Junior Fire Marshal program each year instructs some four million youngsters in fire prevention practices that help combat this tragic loss.

HERE IS HOW we'll do it, says Al Meade, Boy Scout District leadership training chairman, at the "bivouack" held last Saturday at Acalanes High School. Conferees are Rich Stevenson of Air Squadron 337, seated, and standing, left to right, Milton Clark, Troop 202, Joe Wright, Troop 226, and Jan Van Loben Sels, Troop 223.

Six-Year Study Of Cancer Gets Medics' Okay

The Cancer Commission of the California Medical Association has reviewed and endorsed the county's six-year study of the relationship of human living habits to cancer, according to Dr. Fredrick A. Pellegrin, president of the county branch of the American Cancer Society.

He said the case histories of 2100 Contra Costa County families—each one including one person over 45 years of age and more over 30—will be included in the national study.

A few of the subjects on which data will be secured are as follows:

1. The relationship of occupational hazards to cancer.
2. Family tendencies toward cancer.
3. The relationship between cancer and other diseases.
4. The relationship between breast feeding and breast cancer.
5. The relationship between diet and cancer.
6. The relationship of air pollution to cancer.
7. The effect of quitting smoking and of the use of filters in cigarettes.

Families who are eligible to participate in the survey must have one member at least 45 years of age and some other members of the household more than 39 years old.

Eligible families desiring to participate may contact Contra Costa County chairman Mrs. John Selley, at 2114 San Miguel Drive, Walnut Creek, or may contact the Contra Costa office of the cancer society at 2080 North Main Street in Walnut Creek.

Joan Fontaine Is In Geary Comedy

Joan Fontaine, "Oscar" winner, who was last seen on the live stage in the east, starting on Broadway in Elia Kazan's production of "Tea and Sympathy" at the Ethel Barrymore Theater in 1955, has returned to the stage, appearing in a new British comedy, "Hilary" by Don M. Dickinson, from a story by Gerald Savory.

Joan Fontaine (in person) as Hilary, will be the attraction at the Geary, San Francisco, for eleven days, beginning Tuesday night through Saturday, December 19, with matinees Wednesday and Saturday.

The play is pure situation comedy. The locale is London and the cast is mainly British, with Tom Helmore, Jerry Lazarre, an American, Francis Compton, Jack Raine, John Milligan, Helena DeCrespo, Christine Thomas and Frank Gero.

Sales Are Good for New Youth Concerts Series

"The directors of the Central Contra Costa Youth Concerts are pleased with the response to its mail order drive. Over half of the tickets have been sold, which is good for the first year of attempting this type of ticket sale," said Mrs. Mary Frances Gillan, publicity chairman.

Beginning January 4, there will be a ticket drive conducted through the school chairmen, she said. There will only be a few tickets available through each chairman. It would be advisable to contact your area chairman and have your name put on the list, she added.

THE FOLLOWING people are area chairmen — Mesdames George Reed, 205 El Dorado Ave., Danville, Marshall Gordon, 1750 Poplar Dr., Walnut Creek, for Lafayette-Orinda; Kenneth Heiges, 10 Sunset Lane, Pleasant Hill. The Central Contra Costa Youth Concerts are designed for families to enjoy together. There will be four concerts in the series.

They are: The San Francisco Symphony Orchestra, January 17; Alec Templeton, February 6; The Laubins, March 6; and The Roger Wagner Chorale, April 3. The San Francisco Symphony Foundation announced Dr. Jan Popper is the new conductor of the Youth Concerts for the San Francisco Symphony Orchestra.

HE IS REPLACING Earl Murray, who is now conductor of the San Diego Symphony Orchestra.

Dr. Popper is a visiting professor at the University of California and conductor of student opera productions.

At present, he is on leave from the University of California at Los Angeles. Dr. Popper received his musical training in Europe.

The Central Contra Costa Youth Concerts are all held at Las Lomas High School Auditorium, Walnut Creek, on Sundays at 2:30 p.m. The price of the series ticket is \$3.50 for adults and children.

Through roads should not be built within county park areas, is the statement in a resolution passed by the County Park and Recreation Council, recently.

It referred to a proposed road through Briones Park.

The East Bay Municipal Utilities District in construction of a terminal lake will inundate a certain portion of the Bear Creek Road and must construct a like road in the area.

One of the proposed routes is through the western end of the Briones Park site.

The resolution added that when due to extreme hardships or the inability to locate a through-road outside a County park that the land taken for the road alignment be replaced with a like amount of land for park purposes.

"In the case of Briones Park the land taken be replaced with a like amount of land immediately adjacent to Briones Park," it said.

EAST BAY MUNICIPAL UTILITY District is in the process of installing water mains along Pleasant Hill Road near the new Hillsdale subdivision. 30,000 Litterbugs Club Will Honor La Belle France

Thirty thousand litterbugs to help prevent motorists from becoming litterbugs will be purchased by the Contra Costa Highway Cleanup Committee as the result of a special allocation by the county board.

The printed yellow bags, to be ordered by R. D. Broatch of the county Public Works Department, will be distributed to drivers through the Contra Costa Oil Information Committees and to industries and civic groups on a basis of requests to the anti-litter committee.

Two years ago, the committee distributed approximately 100,000 of the paper bags and subsequently re-ordered 30,000 at the time of last spring's six weeks cleanup drive.

Sgt. Orin M. Camenish of the California Highway Patrol told the committee patrolmen are stepping up enforcement of the state's anti-litter law and scores of citations have been issued to motorists for throwing refuse from automobiles.

Sheriff's Lieut. John Kirscheiner said his department is also seeking to establish a full time litter control detail and is stepping up enforcement of the state law.

Publicity chairman Jack Guest reported there is an increasing demand for showing of the anti-litter motion picture "Keep America Beautiful," which is being distributed to groups through the county school department.

Supervisor "Bud" Buchanan said he would write to the county's judicial district courts and ask for a report on disposition of recent cases involving highway littering.

Famine threatens 8,000 families — nearly 50,000 persons — in the Loja District of Ecuador, since a scourge of "Army worms" destroyed their crops. Contributions to the CARE Food Crusade, 444 Market Street, San Francisco, will help the famine victims survive the winter months.

Spiritual Retreat Will Attract Church Women

The United Church Women of Central Contra Costa County will hold a Spiritual Retreat today at the Valley Baptist Church, Creekside Drive, Walnut Creek, from 10 a.m. until 2 p.m.

The Rev. Corwin Calavan, rector of St. Stephen's Episcopal Church, Orinda, will be the leader. Mr. Calavan was a successful attorney before attending the Church Divinity School of the Pacific, where he received his seminary training.

Before coming to St. Stephen's he was the minister at St. John's Episcopal Church in Montclair, Oakland. He is on the faculty and board of trustees of the newly organized Layman's School of Religion in Berkeley.

The theme for the Spiritual Retreat will be "The Art of Loving." The first and second meditations, to be given by Mr. Calavan, will be "Do I Truly Love God and Myself" and "Do I Truly Love My Family."

The third meditation will be given by the Rev. Mervin Pokrul, pastor of the Valley Baptist Church, and he will speak on "Do I Truly Love My Neighbor."

The afternoon meditation by Mr. Calavan is entitled "Putting Love Into Action."

There will be special music during the day.

The Rev. Mr. Cyril Reid of Trinity Baptist Church, Concord, will present several songs. Mrs. A. C. Flenner of Orinda will give violin selections accompanied by Mrs. Marina Jones. The organist for the day will be Mrs. Robert Kimball.

The program is under the direction of Mrs. Perry Brandes, president of the Council of Church Women, and Mrs. Eugene Magoon of the host church is the co-chairman.

Mrs. Jack Gerend of the Concord Presbyterian Church will act as hospitality chairman during the lunch period.

The United Church Women have invited all women in the area to join with them in this day of quietness. Persons attending are asked to bring a sack lunch. Coffee and tea will be provided. There will be a nursery for small children.

'Publicist Needs Courses In Psychiatry, Ministry'

Problems that are mutual to newspaper and public relations people will be explored by speakers

and panelists today at the annual Public Relations workshop at Contra Costa College, San Pablo.

The event, now in its third year, is co-sponsored by the Contra Costa Junior College District and Contra Costa Press Club.

Former newsman P. K. Mackler, now president of International Business Relations, Inc., who flies an average 100,000 miles a year between the U.S., Australia, the Far and Middle East, will give the afternoon keynote speech on "Public Relations for Sudden Change."

He will draw upon his experiences as a counselor to management and government.

MACKLER SAID today that in his opinion, preparation for a public relations counselor requires an understanding of finance, law and business administration, economics, labor relations, psychiatry "and perhaps two years devoted to studying for the ministry."

His statement may be commented upon by the Rt. Rev. James A. Pike, J.S.D., S.T.D., diocesan bishop of California who will address the night banquet on "Theology of Communications."

Bishop Pike, a 1913 graduate in arts and law at University of Southern California, was admitted to the California bar and then earned the degree of Doctor of the Science of Law at Yale.

He was for four years a practicing attorney with the U.S. Securities and Exchange Commission in Washington, D.C., and at the same time served on the faculty of George Washington University Law School. He is a member of the bar of the U.S. Supreme Court.

IN THE LAST war he was a U.S. Navy line officer assigned to intelligence and later was attorney for the U.S. Maritime Commission and War Shipping Administration.

After ordination in 1944 Dr. Pike completed his theological studies and began to occupy positions as rector, chaplain, deputy to the general convention, and cathedral dean.

While dean of the Cathedral of St. John the Divine in New York he was chaplain at Columbia University and headed its department of religion.

He is known for his books and articles, but his widest audience stems from three years of Sunday television appearances over a nation-wide network.

John F. Allen, science editor of the San Francisco Examiner, will speak on the public relations which were involved in the recent removal of Stanford Medical Center from San Francisco to Palo Alto.

For this assignment he was borrowed by the University and took a leave of absence from his paper. For eight years before World War II, Allen was with Time and Life, covering the motion picture industry. Before that he did public relations for the Yosemite Park and Curry Company.

Young and Old Most Frequent Road Victims

The very young and the senior citizen are the most frequent victims of pedestrian accidents, California Highway Patrol Commissioner Bradford M. Crittenden said today while pointing out that December is always a high month for pedestrian accidents.

"The very young constitute a little more than one-fifth of California's population, but they total about two-fifths of the pedestrians who are killed or injured on our streets and highways," Crittenden continued.

"At the other end of the age scale, the senior citizens make up less than a tenth of our population and about an eighth of the pedestrian accident victims," he noted.

"During this especially dangerous period of early nightfall, many lives can be saved if motorists and pedestrian alike will exert an extra measure of carefulness," Crittenden concluded.

Never climb a tree or jump a ditch with a loaded gun; never pull a gun toward you by the muzzle.

Lights Group Names Leaders

Local committeemen for the county's annual outdoor holiday lighting contest have been named.

Sponsor is the Outdoor Christmas Tree Association of California.

The members include Kenneth Jensen of Walnut Creek, George Macey of Pleasant Hill, Joseph Riordan of Danville and James Scott of Lafayette.

Many prizes will be awarded in the competition. Entries will close December 14.

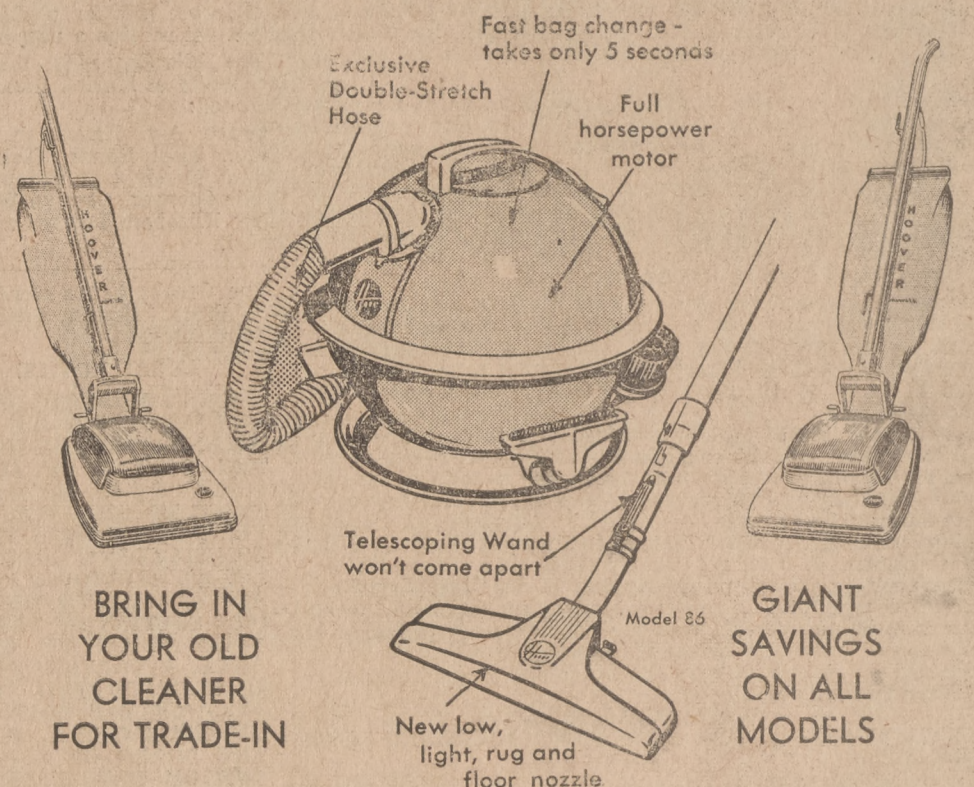

Further information may be secured from committee members.

The contest will include five other bay counties and will be limited to residences only.

The Outdoor Christmas Tree Association was organized in 1926 by the late Clarence F. Pratt who was prompted to form the association by hearing of the pleasure a sick child had in viewing the Pratt's beautifully lighted outdoor Christmas tree.

The Association has the endorsement of the California State Chamber of Commerce and other organizations.

WE'RE FLOODED WITH FIGURES!

Big ones, small ones. More than enough to go around. They're all part of our annual report. Telling you, among other things, how East Bay Municipal Utility District has invested your water dollar.

For instance: During the past fiscal year, more than \$11-million went into construction projects. Increasing your "East Bay MUD's" value to more than \$157-million. And talk about water! You washed clothes. Sprinkled your lawn. Quenched your thirst. Bathed the baby. And, incidentally, used more pure mountain water this year than ever before — something like 150 gallons per person a day!

The whole story's in our annual report. Lots of interesting facts. Pictures of the Pardee Reservoir. The 93-mile aqueduct. The ground-breaking of your \$283-million ten-year water expansion program.

And ... figures. Figures that show how "East Bay MUD" is growing to meet your growing water needs. In fact, we're flooded with figures. Want to see 'em?

Bluebirds Give
Dolls for Needy

Ten Blue Star Bluebirds from Glorietta School in Orinda visited Dollies, Inc., located in the rear of the Suburban shopping center in Lafayette and each girl donated a doll she had made and some also gave dolls from their personal collection.

The few volunteers who staff the organization do for used dolls what firemen do for tricycles, wagons, and other toys: They carefully clean, repair, dress them and provide new wigs if necessary, then protect each doll with a plastic bag, to provide a welcome gift for a child who might not receive a new one.

The following girls, under the leadership of Marion Rands, participated:

Grace Ann Eggerston, Bethy White, Kissi Rands, Claire McCorkle, Wendy Ault, Kathy Snook, Cecile Spencer, Carolyn Wheeler, Mary Elizabeth Fowkes and Ann Seidel.

The Greeks had a word for it "phthisis." Modern doctors call it tuberculosis.
